Participation by such means shall be deemed to constitute presence in person and decisions taken at a meeting so held shall be as effective for all purposes as those taken at a meeting of the Governing Body held with the members of the Governing Body physically present.

- (b) If a ballot (including a straw ballot) is required to be held for the election or re-election of Fellows, the Sub-Warden shall take all reasonable steps to provide for the anonymity of the ballot.

CONFLICTS OF INTEREST¹

[Statutes 2.9 and 2.10]

6.

- (a) Members of the Governing Body may be employed as College Officers and may receive proper and reasonable remuneration, including stipends and allowances, for the performance of their duties as employees of the College, and may enjoy the benefits of Common Table and use of College facilities under the authority of the Statutes.
- (b) Members of the Governing Body may be reimbursed by the College for reasonable expenses incurred wholly, exclusively and necessarily in the performance of College duties or in furtherance of the objects of the College, in circumstances defined in the Bylaws.
- (c) Any proposal concerning the stipends and allowances and benefits, including entitlement to College accommodation, awarded to any member of the Governing Body must first be referred to the Committee on Stipends and Allowances under Bylaws VII.31(d) and (e).

¹ For the avoidance of any doubt, the Governing Body, in revising this Bylaw on 21 June 2021, agreed that it was not to be interpreted in such a way as to prevent the Governing Body or its Boards, with the participation of all their members, from discussing points of principle (not leading to specific decisions) or from discussing and presenting reasoned submissions to the Committee on Stipends and Allowances, and instructed the Dean to insert a footnote in the Bylaws to that effect.

- (f) The procedure set out in Bylaw I.6(e) above shall also be used if a member of the Governing Body believes that a financial or other personal benefit will be obtained directly or indirectly by any party connected to that member.
 - (g)
 - (i) Subject to paragraph (ii) below, where a member of the Governing Body does not believe that they or a party connected to them will obtain a financial or other personal benefit from a decision or transaction, but there is a conflict between the member's duty to the College and the member's personal interest or any duty or loyalty owed by the member to any other body or person, the procedure set out in Bylaw I.6(e) shall be used.
 - (ii) If the other members of the Governing Body or Board decide that the conflict poses a low or no risk to making a decision in the best interests of the College, the member concerned may be permitted not to withdraw and this and the reason for it shall be recorded in the minutes of the meeting.
 - (h) In any case where a member of the Governing Body is obliged to withdraw, the Warden or other chair of the meeting may request or permit the member to provide any relevant information before withdrawing.
 - (i) For the purposes of this Bylaw a party is connected to a member of the Governing Body if as regards that member the party is:

 - (a) the trustee or any connected person falling within any of Bylaw I.6(i)(i) to (iii) has a substantial interest, or
 - (b) two or more persons falling within Bylaw I.6(i)(v)(a), when taken together, have a substantial interest,
- where "substantial interest" has the meaning given by Charities Act 2011, section 352.²
- (j)

- (ii) Fellows who are admitted as members of the Governing Body at or after the first Stated General meeting of an academic year shall submit a declaration of external interests before the next meeting of the Governing Body after their admission.
- (iii) Any member of the Governing Body shall be permitted to inspect the Register of Interests on reasonable notice to the Sub-Warden.

BYLAWS

- 7.
 - (a) The numbers and letters of Bylaws and of the parts of Bylaws and of the divisions of Chapters are not included within the Bylaws and may be altered by the Statutes and Bylaws Committee without a vote of the Governing Body provided that no alteration is made to the text of the Bylaws.
 - (b) The Statutes and Bylaws Committee shall report to the Governing Body any changes it makes under Bylaw I.7(a) above and a change shall take effect immediately after the meeting of the Governing Body at which it was reported.

[Statute 2.2]

- 8. The Governing Body has custody of the College Seal under Statute 2.2. The College Seal shall be affixed to documents in the presence of the Warden, the Sub-Warden or the Finance Bursar, or, failing them, of the most senior member of the Governing Body conveniently available.

MAXIMUM SIZE OF THE GOVERNING BODY

- 9.
 - (a) No one shall be elected to a Fellowship carrying membership of the Governing Body if that election would cause the Governing Body to exceed its maximum permitted size (as defined in paragraph (c) below), unless they are entitled to such election under any Statute or Bylaw or hold an office listed in Bylaw III.4.
 - (b) For the avoidance of doubt, this Bylaw shall not apply to re-elections of Official or Professorial Fellows under College Statute 4.5.
 - (c) The maximum permitted size (**M**) of the Governing Body shall be calculated according to the formula **M=1.5(t+p+w)**, where **t** is the number of Tutors of the College and **p** is the number of Professorships whose holders are entitled to be elected as Professorial Fellows under College Statute 4.4 and **w** = 1 (the Warden).
 - (d) For the purposes of this calculation:
 - (i) **t** shall include any vacant tutorship that the College intends to fill;

- (ii) fractions of less than 0.5 shall be rounded down; fractions of 0.5 or more shall be rounded up if to do so would give a result less than or equal to **2t**, but otherwise shall be rounded down.
- (e) The calculation shall be carried out by the Sub-Warden using the figures available at the date of the intended election, but taking into account any retirement, resignation, or new appointment which the Sub-Warden knows will have taken effect by the time the person to be elected would be admitted as a Fellow.

SERIOUS INCIDENT REPORTING

10.

- (a) The Governing Body delegates to a committee consisting of the Warden, the Sub-Warden, the Finance Bursar, and the Keeper of the Statutes and Bylaws authority to report to the Charity Commission serious incidents affecting the College and authority to deal with the Charity Commission in relation to any report made.

 - (iii) The Tutor whose reappointment is under consideration may request or be invited to a meeting with the IPRP.
 - (iv) The IPRP shall, where the reappointment of the Tutor is being considered by a Faculty or Department, and may in other cases, request information from the Faculty or Department concerned.
 - (v) Where the IPRP considers that there may be a case for not recommending the reappointment of a Tutor, the Tutor shall be invited to nominate referees from inside and/or outside the University to speak to that Tutor's record. The IPRP shall likewise have the right to seek external opinions before making known its recommendation to the Warden who shall be responsible for informing the Governing Body.
- (d) In the event that a Tutor wishes to resign the Tutorship at least three months' notice must be provided which shall include one complete Full Term.

TUTORS' STIPENDS AND ALLOWANCES

33.

- (a) A Tutor (other than the Senior Tutor) who is a CUF Lecturer or University Lecturer or Associate Professor shall be paid by the College such sum as shall bring the combined University and College stipend to the appropriate point on the scale determined by the Governing Body from time to time.
- (b) The stipend of any Tutor in respect of whom the scale referred to in Bylaw IV.33(a) above appears for any reason inappropriate shall be determined by the Governing Body which shall take account of recommendations from the Committee on Stipends and Allowances.

- (c) Bylaws VI.16 and VI.25 provide for the entitlement of a Tutor to live in College and also for other allowances.

TUTORS' TEACHING-ROOMS

- 34. Bylaw VI.11A contains provisions relating to Tutors' Teaching-Rooms.

TUTORS' LEAVE

35.

- (a) Nothing in this Bylaw applies to the Senior Tutor or to a Tutor who holds a fixed-term Tutorship of five years or less.
- (b)
 - (i) Every Tutor shall be entitled to leave of absence on full pay for one term in every seven terms of qualifying service (as defined in Bylaw IV.35(f) below). After 30 terms of qualifying service and then after every subsequent 15 terms of qualifying service a Tutor shall be entitled to leave of absence on full pay for an additional term, provided that a Tutor shall not become entitled to additional leave for which the relevant period of qualifying service was completed before Hilary Term 2020.
 - (ii) Leave to which a Tutor becomes entitled under paragraph (b)(i) above shall not be granted (a) for more than three terms consecutively, or (b) for a longer period than the Tutor will continue in office after returning. Where the end of a Tutor's appointment is approaching, the Governing Body may grant that Tutor advanced leave in lieu of leave which otherwise would be due to be taken in the final year of appointment.
 - (iii) Any necessary payment for a substitute or substitutes shall be made by the College. If the Tutor holds any salaried appointment during such leave (other than any salaried appointment which the Tutor already holds in the University jointly with the office of Tutor), the Governing Body may reduce or suspend that Tutor's stipend as Tutor.
 - (iv) Leave to which a Tutor is entitled under paragraph (b)(i) above shall be known as sabbatical leave.
- (c) A Tutor may also apply to the College for non-sabbatical leave from all teaching obligations to the College for some specified period, expecting to return to the normal duties of the Tutorship at the end of that period. Such applications shall be determined by the Governing Body on the recommendations of the Academic Needs and Leave Sub-Committee, which shall normally follow the University's policies in granting non-sabbatical leave where these are relevant, and in other cases will bear in mind (a) the immediate loss to the College that is caused by any period of leave for a Tutor, and (b) the general desirability of promoting academic research (which is one of a Tutor's obligations to the College), and the particular rewards that may accrue to the College from the proposed project in the longer term.
- (d) Accommodation and allowances during a Tutor's periods of leave shall be dealt with as follows:
 - (i) When the total of sabbatical and non-sabbatical leave combined is for a continuous period of no more than three years, then, subject to subparagraphs (iv), (vi), and (viii) of this Bylaw IV.35(d) below, the Tutor shall retain for all of the period in question the right to accommodation in

College and the expectation of accommodation outside the precincts of the College in premises owned by the College, if so desired. But in that case the period of three years in question must normally be both preceded and followed by at least one whole year in which neither sabbatical nor non-sabbatical leave is granted.

- (ii)
 - (a) When a Tutor who is on leave retains College accommodation and continues to reside in it, then for any period of that leave that is reckoned as non-sabbatical leave, after the first year that is so reckoned, that Tutor shall suffer a reduction in emoluments equivalent to the housing allowance paid to Tutors in College houses, or the residential allowance paid to Tutors who live in College, whichever is appropriate.
 - (b) In the case of those who continue to be employed by the College, this reduction shall be effected by discontinuing the housing or residential allowance; in the case of those who cease to be employed by the College, this reduction shall be effected by charging a notional rent for the accommodation (in the case of a house) or by an accommodation charge (in the case of rooms in College), reduced at the marginal rate of income tax payable on the tutor's normal stipend.
- (iii) A Tutor on non-sabbatical leave who nevertheless continues to be employed by the College shall suffer no other reduction in the usual allowances. In the case of those who cease to be employed by the College, all allowances paid by the College shall be automatically discontinued for that period, except that the right or expectation of College accommodation shall be maintained as in Bylaw IV.35(d)(i) above.
- (iv) When a Tutor on leave wishes to retain College accommodation outside the precincts of the College but does not reside in it personally, the following different arrangements shall apply:
 - (a) If the Tutor will be absent for a total of more than 15 months, whether consecutive or non-consecutive, of that leave then that Tutor shall be required to pay a rent for it at all times when absent, subject to the following exception: if the house in question will continue to be occupied during the Tutor's absence by the Tutor's family, then rent shall be payable only for those periods of the Tutor's absence which are taken as non-sabbatical leave.
 - (b) The requirement in paragraph (d)(iv)(a) above of this Bylaw shall be effected by granting the Tutor a short-hold tenancy for the periods of that Tutor's absence, and by charging a rent in respect thereof that is at the market rate for unfurnished accommodation.
 - (c) A Tutor in respect of whom these arrangements have been applied may then with the consent of the Governing Body sublet all or part of the house, notwithstanding Bylaw VI.18(f).
- (v) Tutors who wish to retain College accommodation outside the precincts of the College while being absent from it for less than 15 months of any period of leave shall be encouraged but may not be required to enter into an arrangement with the College as set out in Bylaw IV.35(d)(iv) above.

- (vi) Tutors on any period of leave whether sabbatical or non-sabbatical shall not normally retain their accommodation in College if they are absent from it for more than two terms of that leave.
- (vii) Tutors who are granted a period of leave of more than three years shall forfeit for the whole of that period of leave their right to accommodation in College and their expectation of College accommodation outside the precincts whether or not they continue to be employed by the College.
- (e) In appropriate circumstances Tutors may apply for sick leave and for parental leave, and such applications shall be determined by the Governing Body, normally in accordance with the University's policies on these matters.
- (f)
 - (i) For the purpose of reckoning entitlement to sabbatical leave qualifying service is reckoned in terms.
 - (ii) Qualifying service includes any term in which the Tutor has fulfilled that Tutor's normal obligations to the College as Tutor, and also includes periods taken as sabbatical leave, maternity leave, paternity leave, adoption leave, shared parental leave, parental bereavement leave, sick leave, or parental leave.
 - (iii) Qualifying service does not include periods taken as non-sabbatical leave under paragraph (c) of this Bylaw.

VIII. ACADEMIC EMPLOYEES

1. This bylaw relates to Statute 9.

Part I: - Application

This Bylaw shall apply to all members of the Governing Body of Merton College employed by the College to carry out teaching or research, to all Fitzjames Early Career Researchers and Early Career Researchers (whether or not members of the Governing Body), to all Stipendiary Lecturers who are teaching four or more hours per week for the College, and to the Warden as indicated in clause 3(1(c)).

Part II: Redundancy Procedure

Stage 1 - Governing Body Meeting (Clause 10(2))

- 1.1. In the event that a reduction in academic staff or activity is contemplated for any reason whatsoever, the Warden shall call a special meeting of the Governing Body to consider and determine upon the matters set out in Clause 10(2) of the Statute.
- 1.2. If any member is unavoidably unable to attend and reasonably considers that he or she may be personally affected by a decision under Clause 10(2), for example because the Governing Body may be considering deleting a subject altogether, he or she shall be entitled to seek a postponement of the meeting by written notice to the Warden to be delivered to him or her at least three days prior to the date set for the meeting.
- 1.3. Prior to the special meeting, the Warden shall cause a detailed memorandum of information to be prepared on a confidential basis for the Governing Body. The memorandum shall contain all relevant available information including financial and academic matters, setting out in detail the position of the College and the matters to be considered both in favour of and against making any reductions in general terms and in so far as possible without reference at this stage to the position of any individual members of academic staff who may be affected.
- 1.4. The memorandum shall put all considerations forward fairly and in an even-handed manner and shall not make recommendations for any specific course of action. The memorandum shall evaluate as far as possible the impact of any reduction on the principles established by Clause 1 of the Statute.
- 1.5. To provide members with an opportunity to consider, and respond to, the memorandum of information, it shall be circulated at least seven days before the relevant meeting of the Governing Body and representations shall be invited. Any representations which are received in the Warden's Office by 12 noon on the second day before the day of the meeting shall be circulated to all members of the Governing Body.
- 1.6. Prior to making any decision under Clause 10(2) the Governing Body shall consider the impact of such a decision on relevant Faculty and subject boards and shall consult with the relevant University bodies. Such consultation may be commenced at any stage by the Warden (or the Warden's delegate).

Stage 2 - Redundancy Procedure - Initial Stage

- 2.1. Once a decision has been reached in principle under Clause 10(2) of the Statute, the Governing Body shall appoint a Redundancy Committee ('the Committee')

unless it determines that it will carry out the task of handling any redundancies itself.

- 2.2. Members of the Committee shall be selected in accordance with the provisions of Clause 11 of the Statute. However no members who appear to be personally affected or likely to be so affected shall be chosen. No-one on a fixed-term appointment shall be eligible for selection and no-one to whom the Statute applies shall be eligible for selection unless he or she has been employed by the College for at least two years. The Chair of the Committee shall be expressly so appointed by the Governing Body.
- 2.3. In the case of potential collective redundancies the Governing Body shall, and in all other cases may, consider and establish appropriate procedures for consultation with representatives of the members of staff potentially affected. Such consultation shall generally be carried out by the Redundancy Committee or, if none is appointed, the Governing Body itself. Such consultation shall be either with a recognised trade union or specially elected "workplace" representatives as defined by any relevant legislation currently in force, and shall commence in good time with a view to reaching agreement in relation to the matters set out in any legislation in force for the time being.
- 2.4. The Redundancy Committee (or if none is appointed, the Governing Body) shall meet as soon as is reasonably practicable to establish a timetable for consideration of the issues. The Committee shall consider the identification of those who are potentially at risk of redundancy and shall seek to identify any alternatives to redundancy to avoid redundancy and/or to mitigate the effects. It shall also consider, where applicable, selection criteria for the determination of who is to be chosen from among those who are at risk of redundancy.
- 2.5. No decision shall be taken upon any of the relevant matters without the Committee's ensuring that there has been full and proper consultation with the affected persons and their representatives. For this purpose, and prior to any decision being made, the Committee shall ensure that each person is afforded an opportunity to meet with members of the Committee (accompanied by a representative if they wish), to be provided with relevant information and to make representations on any aspect of the case.
- 2.6. After having considered all relevant matters the Redundancy Committee shall meet to formulate its recommendations together with the reasons for them. A written report of the recommendations and reasons for them shall be provided to the Governing Body and to the affected person or persons as well as their representative(s).

Stage 3 - Decision on Redundancy

- 3.1. Upon receipt of the report and recommendations of the Redundancy Committee a special meeting of the Governing Body shall be convened to consider the matter further.
- 3.2. Any member whose dismissal on grounds of redundancy is recommended by the Redundancy Committee, shall be permitted at least two weeks between the date of the Committee's report and the special meeting of the Governing Body to prepare and submit any representations he or she considers appropriate to the Governing Body. Any representations which are received in the Warden's Office by 12 noon on the second day before the day of the meeting shall be circulated to all members of the Governing Body.

- 3.3. In addition to submission of written representations, the person concerned shall have the opportunity to make oral representations to the Governing Body at the special meeting prior to any decision being made and shall be entitled to be accompanied and/or represented by a person (who may be a professional and/or trade union representative) of his or her choice.
- 3.4. The Governing Body may request a member of the Redundancy Committee (where appointed), being the Chair or his delegate, to attend the Governing Body formally in that capacity to present the Committee's recommendations and to answer questions from the Governing Body and/or the person or persons concerned. If the Governing Body so determines, the Redundancy Committee may be asked to carry out further consultation with affected members or any other appropriate person.
- 3.5. No meeting of the Governing Body at which a decision to dismiss under Part II is taken shall be quorate unless at least 50% of those members of the College entitled to attend are present and no vote shall be effective unless at least two thirds of those attending vote in favour.
- 3.6. Prior to making any decision to dismiss in accordance with recommendations of the Redundancy Committee, the Governing Body shall specifically canvass any alternative employment opportunities or any other means of avoiding a dismissal for redundancy. In addition the Governing Body shall ensure that it has been fully appraised of any USS options which the person affected may be able to exercise in the event of redundancy.
- 3.7. In the event that the Governing Body accepts the recommendations of the Redundancy Committee and votes to dismiss any member on grounds of redundancy, a written note of the decision of the Governing Body together with a copy of the procedures establishing a right of appeal shall be provided to the person affected and his or her representative. In the event of an appeal, no decision shall be implemented until after this has been determined under Part V.
- 3.8. If the Governing Body decides upon the dismissal of any member on grounds of redundancy, it shall ensure that provision is made to assist the person concerned with financial and career planning, with reasonable expenses to be met by the College.

Part III: Disciplinary Procedure

1 Informal Stage

- 1.1. Where it appears to the Warden that the conduct or performance of a member of academic staff is falling below an acceptable standard, the Warden may arrange to meet with that person on an informal basis to explore the situation and to consider what action can be taken to improve his conduct or performance. The Warden may appoint a colleague (being a Fellow or Emeritus or Honorary Fellow of the College) to conduct the informal discussions with the person concerned either with the Warden or alone. The informal discussion shall not be viewed as a disciplinary act but as an opportunity to explore together any problems that appear to have arisen and consider solutions that may be available. A record of this initial meeting may be kept, provided the member of staff agrees and a copy of any record is made available to him or her. If the person concerned prefers, the discussion may be kept confidential at this stage.

2 Disciplinary Warnings

- 2.1. In any case where it seems to the Warden that the performance and/or conduct of a member of academic staff appears not to meet acceptable standards but where the circumstances do not appear to raise prima facie grounds for dismissal (for example, after investigation of a complaint submitted to the Warden under Clause 14(1) which is not to be referred to an Academic Disciplinary Panel), the Warden may convene a meeting with the individual for the purpose of considering the matter and any appropriate sanction. No disciplinary sanction shall be imposed unless the person concerned has had reasonable notification of the allegations made against him or her and an opportunity to respond and until the matter has been properly investigated by or at the behest of the Warden.
- 2.2. Prior to the disciplinary meeting, the person concerned shall be provided with written notification of the date and nature of the meeting and the matters to be considered, together with copies of any relevant statements. The person concerned shall have the opportunity to be accompanied or represented by a colleague or representative from any professional body or trade union of which he or she is a member such as the UCU. The individual shall not normally be permitted legal representation at this stage.
- 2.3. In the event that it appears to the Warden that the individual's conduct and/or performance has fallen below acceptable standards, and depending on the gravity of the situation and all the circumstances of the case, the Warden may issue an oral or written warning.

2.3 (a)

Oral Warning

The oral warning is the first stage of the disciplinary procedure. It shall normally be issued in front of a witness and shall state clearly that it comprises the first stage of the disciplinary process. The reasons for the warning shall be specified, together with any agreed plan of action for improvement, where applicable. The oral warning shall be recorded in a dated written note, a copy of which shall be provided to the individual. The note shall be kept in the file of the person concerned and shall be regarded and marked as spent after one year.

2.3 (b)

Written Warning

In the event that the person's conduct and/or performance does not improve or gives further cause for concern whether of a similar nature or not, within the twelve-

month period during which the oral warning remains live, and in any case where the seriousness of the matter so merits, the disciplinary action which the Warden may take short of dismissal is a written warning. The written warning shall specify the reason and set out the improvement required and the time for achieving it. It shall be dated and a copy shall be provided to the individual as well as being kept in the file of the person concerned. A written warning remains "live" for a period of two years after which it shall be regarded and marked as spent.

- 2.4. In the event that either an oral or a written warning is issued, the person concerned shall be notified of his or her right of appeal under Clause 13(3) of the Statute.

3 Dismissal

In any case before the Warden, whether on a complaint under Clause 14(1) or otherwise, the Warden shall consider all the circumstances of the case including the outcome of any enquiries instituted under Clause 14(2) and any comments from the person concerned invited under Clause 14(3). If, after such consideration, it appears to the Warden that there are prima facie grounds for dismissal for good cause as defined in Clause 5 of the Statute, the Warden may call on the Governing Body to appoint a Tribunal to consider and report on the case in accordance with Clauses 16-19 of the Statute. The Warden may suspend the person concerned at this stage in accordance with Clause 14(3).

- 3.1. Upon receipt of a request under Clause 15 of the Statute from the Warden, the Governing Body shall appoint the Tribunal as soon as reasonably practicable and shall inform the person to be charged by written notice that the Tribunal has been appointed to consider any charge or charges to be brought. The written notice shall include the names of the three members of the Tribunal and shall enclose a copy of this Bylaw. At the same time the Governing Body shall appoint a solicitor or other suitable person to formulate charge(s) and to conduct or arrange for the conduct of the hearing. The Governing Body shall appoint one of the three members to chair the Tribunal.
- 3.2. Subject to the provisions of the Statute and any provision to the contrary in this Bylaw, the Tribunal shall have power to regulate its own proceedings. In the event that any member of the Tribunal is unable to attend for any period of time, the Tribunal shall be discharged and a new Tribunal shall be appointed in accordance with the provisions of the Statute. The Tribunal shall be entitled to appoint a secretary to support it in discharging its function at any time and to take notes of evidence at any hearing.
- 3.3. The person appointed to formulate the charge or charges ("the prosecutor" - which expression may include a firm of solicitors or any person instructed to act on that person's behalf) shall notify the person charged of the date and time set for the hearing of the charge or charges.
- 3.4. The person charged shall notify the prosecutor of any representative he or she has appointed to act for him or her and any further communications shall be addressed to the person charged and to any representative appointed by the person charged. Any fees or expenses payable to the representative (other than reasonable travel costs and out of pocket disbursements) shall be at the charge of the person charged.
- 3.5. The Chair of the Tribunal may make any interlocutory directions he or she considers necessary for the fair conduct of the hearing, including but not limited to any directions as to the hearing date(s), whether at the request of either party or otherwise of his or her own motion. The Chair may also remit any matters to the Warden for further consideration and has power to join further parties to the case

if he or she considers it appropriate to do so upon notice to the parties of such joinder. The Chair of the Tribunal shall set the date, time and place for the hearing and may also set appropriate time limits for each stage (including the hearing), to the intent that any matters be heard and determined expeditiously. If the Chair considers it appropriate in all the circumstances of the case he or she may request the Warden to consider the suspension of the person charged under Clause 14(3).

- 3.6. At least 21 days before the date set for the hearing, the prosecutor shall forward the following to the Tribunal and person charged and any other parties to the hearing:
- (a) the charge or charges;
 - (b) copies of any documents specified or referred to in the charge or charges;
 - (c) a list of witnesses to be called by the prosecutor;
 - (d) copies of statements containing the witnesses' evidence.
- 3.7. At least seven days before the date set for the hearing, the person charged shall forward to the prosecutor copies of any documents on which he or she wishes to rely, a list of witnesses and copies of their statements of evidence. The prosecutor shall ensure that copies of all these are prepared and forwarded to the Tribunal as soon as practicable.
- 3.8. The jurisdiction and power of the Tribunal shall not be restricted by the fact that the person charged has been, or is liable to be, prosecuted in a court of law in respect of any act or conduct which is the subject of proceedings before the Tribunal. The Tribunal may postpone or adjourn a hearing, if it considers it appropriate, to enable a prosecution to be undertaken.
- 3.9. Subject to the consent of the Tribunal, both the prosecutor and the person charged may introduce new evidence at the hearing save that in the case of the prosecutor such new evidence shall not be admitted except for good reason. In the event that new evidence is admitted, the other party shall have the right to an adjournment to allow time to consider the evidence and its effect on the case and may then submit further evidence in response, provided that the Tribunal consents, such consent not to be unreasonably withheld.
- 3.10. The Tribunal may proceed with the hearing in the absence of any party but shall not do so in the absence of the person charged or that person's representative unless it is satisfied that it is reasonable to do so in all the circumstances of the case or unless the person charged agrees or so requests.
- 3.11. Subject to the right of the person charged, his or her representative and the prosecutor to be present throughout the hearing, the Tribunal may decide whether to admit any persons to, or exclude them from, the hearing or any part of it.
- 3.12. Each party to the proceedings shall be entitled to give evidence at the hearing, to make an opening statement, to call witnesses, and to question any witness. Closing statements may be made by the prosecutor first and then any other parties, with the person accused being given the opportunity to speak last.
- 3.13. Without prejudice to the Tribunal's general power to regulate its own conduct, it shall specifically have the power to set time and other limits on the evidence to be called for each side consistent with providing a fair opportunity for each party to present its relevant evidence whilst ensuring that the charge is heard and determined as expeditiously as is reasonably practicable. The Tribunal shall have power to adjourn the proceedings from time to time as it sees fit.

- 3.14. The Tribunal shall ensure that its secretary or some other appropriate person is present throughout the hearing so that a full and accurate record of the evidence may be taken.
- 3.15. It is for the prosecutor to prove the charge or charges. In determining whether the charges or any of them are proved the Tribunal shall consider the evidence and decide whether on balance it considers that good cause for dismissal within the meaning of Clause 5 of the Statute has been proved in respect of each charge before it.
- 3.16. If the Tribunal decides that a charge has been proved, it shall give each party an opportunity either orally or in writing at the option of the Committee to address it on the question of penalty and/or mitigation prior to determining any recommendations that it may make to the Warden.
- 3.17. The decision of the Tribunal shall be recorded in a document in which the Tribunal's findings of fact, its reasons for the decision and any recommendations as to penalty are contained. The document shall be signed by the Chair of the Tribunal and at least one other member. The document shall be sent directly by the secretary of the Tribunal to the person charged and to that person's representative in addition to the other parties specified in Clause 19 of the Statute.
- 3.18. Where any charge has been upheld and the Tribunal has recommended dismissal, the Warden or the Warden's delegate shall inform and consult the Governing Body prior to making any decision as to penalty. The Warden shall arrange for a special meeting of the Governing Body for this purpose and shall keep the person charged informed as to the process. The person charged shall have the right to make further representations to the Warden at this stage.
- 3.19. If the Warden decides to dismiss the person charged he or she may do so forthwith or upon such terms as he considers fit. If the Warden decides not to dismiss, the actions the Warden may take are as set out in Clause 20(2) of the Statute. Any warning given under Clause 20(2)(c) shall be recorded in writing and shall remain live for two years. In all cases the Warden's decision shall be communicated to the person charged in writing as well as to the Governing Body.

Part IV: Procedure for Removal on Medical Grounds

1 Preliminary Stage

- 1.1. Where from the conduct or performance of a member of academic staff it appears to the Warden that there may be cause for concern about that person on medical grounds, and any case where the member of staff has been absent on medical grounds for an aggregate period of six months in any twelve-month period, the Warden shall meet with the individual concerned and consider the circumstances of the case. The consultation shall be on a confidential basis if the member of staff so wishes, but the Warden may appoint an informal panel of two or three individuals, including one who is medically qualified, to advise and assist the Warden, provided that the member of staff concerned is informed of this.
- 1.2. At this stage the purpose of the meeting and any subsequent investigations is to elucidate the nature of the problem and to consider ways of assisting the member of staff to resume his or her full contractual duties. If the Warden considers it advisable, the Warden shall seek the member of staff's consent to disclosure of the latter's medical record in accordance with the Access to Medical Reports Act 1988. The Warden may also, with the consent of the member of staff, arrange for him or her to be examined by an occupational health physician or other medical practitioner to assess inter alia the prognosis for a return to work and any available treatment. Any fees payable in relation to such examination shall be borne by the College.
- 1.3. The Warden shall consider with the member of staff, and other concerned people as required, ways of ensuring that students and others for whom the individual has contractual responsibilities have their teaching, pastoral and other needs, as may be, met by a rearrangement of resources or other arrangements. In all cases, and especially where third parties are consulted, the Warden shall do all that is reasonably practicable to respect the confidentiality of the member of staff if the member so wishes. The Warden shall also consider whether counselling or other assistance shall be offered to the member of staff at the expense of the College.

2 Medical Incapacity

- 2.1. If it appears to the Warden that the situation is unlikely substantially to improve within a reasonable period of time, or in any case where the condition of the member of staff or any mental or physical quality affecting the member of staff is such as substantially to interfere with the performance of his or her duties, the Warden shall consider the removal of the member of staff in accordance with the provisions of Clauses 23 and 24 of the Statute. Prior to taking any action under this section, the Warden shall consult with the individual and/or any representative(s) nominated by the individual as to the steps to be taken and their likely outcome. The consultation shall specifically include consideration of the person's condition and likely future state of mental or physical capacity, and whether the person wishes to seek early retirement or a reduction of duties and hours (with a commensurate reduction in stipend). The wishes and needs of the person concerned shall be balanced against the tutorial or other relevant requirements of the College. If the Warden suspends the member of staff under the provisions of Clause 23(1)(b) the Warden shall ensure that the member of staff has adequate access to materials and/or colleagues to enable him or her to participate effectively in the consultation process.
- 2.2. The consultation process shall also include consideration of any adjustments which could reasonably be made to the duties of the employment and/or the physical features of the premises and/or any arrangements made by or on behalf of the

College so as to facilitate the continued employment of the person concerned. The Warden shall not consider the removal of the person concerned from his or her office or employment without first obtaining advice and assistance as to any facilities that may be available to assist the person. In general the Warden shall have regard to the provisions of the Equality Act 2010 and associated Codes of Practice, as appropriate.

- 2.3. The Warden shall seek to obtain a medical report concerning the member of staff from the medical practitioner who has had clinical care of him or her and shall notify the person concerned to that effect in writing, seeking the member's consent in writing in accordance with the provisions of the Access to Medical Reports Act 1988.
- 2.4. At all stages the person concerned shall be able to nominate a friend, professional colleague or other representative to assist and advise him or her. Provided that clear notification is given to the Warden, such a representative may be given authority to act instead of the person concerned if the latter so wishes and may give such consents, agreements etc as the person concerned would be able to give. Such authority shall include, but not be limited to, a power of attorney, including an enduring or lasting power which has been duly registered with the Court of Protection or the Office of the Public Guardian.
- 2.5. In the event that the member of staff does not apply for medical retirement, or does and is rejected, the Warden shall consider all the circumstances of the case, including any available medical information, and shall determine in particular whether the case should be forwarded to a Medical Board or a Tribunal.
- 2.6. Any powers of the Warden may be exercised instead by a duly appointed alternate or other appropriate officer and references to the Warden shall, throughout Part IV of this Bylaw, be construed as including references to the alternate.

3 Medical Board

- 3.1. If after considering all the circumstances of the case the Warden concludes that the removal on medical grounds of the member of staff (hereafter "the person concerned") should be considered, the Warden shall so inform the person concerned. The notification shall be provided in writing and shall be presumed to have reached the person concerned two days after being sent. The Warden shall notify the person concerned that a Medical Board (the Board) is to be appointed to consider whether he or she shall be removed from office on medical grounds, and shall request the person concerned to nominate someone to sit on the Board. If, within a reasonable period of time (one month), the person concerned fails to nominate a person who is willing and able to sit on the Board reasonably expeditiously, the Warden shall presume a default and shall nominate someone.
- 3.2. At the same time as notifying the individual, the Warden shall also convene a special meeting of the Governing Body to consider the matter confidentially and shall request the Governing Body to nominate a member to sit on the Board. The Governing Body shall canvass and propose the names of two medically qualified people to the person concerned to chair the Board. For this purpose the Governing Body may seek the advice of the College Doctor or any other suitable person on a confidential basis. In the event that agreement cannot be reached between the Governing Body and the person concerned as to the appropriate person to chair the Board, the Governing Body shall request the President for the time being of the Royal College of Physicians to nominate a Chair. The Governing Body shall nominate an appropriate person who is unconnected with the case to act as secretary to the Board.

4 Procedures for a Medical Board Hearing

- 4.1. Where a Medical Board has been appointed to determine a case referred to it under Clause 23(3) of the Statute, the Chair shall appoint the time, date and place for the hearing and the secretary shall notify all parties in writing. The Board shall have power to adjourn the hearing from time to time as it sees fit.
- 4.2. At least 21 days before the hearing, the Warden shall refer whatever relevant evidence he or she has in confidence to the Board and shall make the evidence available to the person concerned and/or any representative the person concerned has nominated to act for him or her, except for information for which a medical practitioner has claimed exemption from disclosure under the provisions of section 7 of the Access to Medical Reports Act 1988.
- 4.3. The Warden shall consider the case and, if the Warden thinks it necessary, may appoint someone to present the case for removal as well as the relevant oral and documentary evidence to the Board. Witnesses may be called by the person presenting the case, in which case copies of their statements shall be made available to the Board and the person concerned at least 14 days prior to the date set for hearing.
- 4.4. The person concerned shall be entitled to an oral hearing before the matter is determined by the Board. The parties to the hearing shall be the person concerned (including any person appointed to act for or instead of him or her), any one appointed to present the case for removal and any other party which the Board may join at its own discretion. The secretary to the Board, the person concerned and/or his or her representative and the person presenting the case shall be entitled to remain throughout the hearing; otherwise it shall be for the Board to determine who may be present at any time.
- 4.5. The person concerned shall be entitled to present whatever evidence he or she considers relevant, subject to the overall right of the Board to regulate its own conduct of the hearing. At least 7 days before the hearing, the person concerned shall provide the secretary to the Board with copies of any evidence, including medical evidence, on which he or she wishes to rely. The secretary to the Board shall be responsible for ensuring that copies are made available to Board members and other parties as soon as possible. The person concerned and the person presenting the case for removal may each call one expert witness whose statement(s) shall first be presented in writing to the other parties.
- 4.6. Any party may produce additional evidence during the hearing subject to the Board's consent and subject to any adjournment that may be required to give the parties time to consider and respond.
- 4.7. Each party to a hearing shall be entitled to give evidence at the hearing, to make opening and closing statements (either personally or through a representative) and to call witnesses and to question any witness concerning any relevant evidence. Subject to the provisions of this Bylaw and of the Statute, the Board may regulate its own procedure and shall ensure that the case is heard and determined as expeditiously as is reasonably practicable.
- 4.8. The Board may proceed with the hearing in the absence of any party but shall not do so in the case of the person concerned and/or his or her representative unless it is satisfied that it is reasonable to do so in all the circumstances of the case or the person concerned agrees or so requests. If at any time a member of the Board

is unable to continue, the Board shall be discharged and a new one appointed in accordance with the procedure set out under Clause 3 above.

- 4.9. The person presenting the case for removal shall specifically draw the attention of the Board to the provisions of the Equality Act 2010 and provide the Board with information as to what adjustments have been considered to avoid the removal of the person concerned from employment, together with information as to cost and effectiveness of the adjustment(s).
- 4.10. At any stage before making its decision the Board may call for additional information including requiring the person concerned to undergo medical examination by a medical practitioner chosen or agreed by the Board, at the College's expense. In the event that the person concerned fails to undergo any medical examination required by the Board, or if the medical evidence is inconclusive, the Board shall exercise its judgement on the basis of the evidence available to it.
- 4.11. The Board's decision shall be recorded in writing and shall contain its findings on the main facts and on the medical evidence available to it, as well as its conclusion as to whether the person concerned should be required to resign on medical grounds. The Board shall specifically record the matters it has taken into consideration in determining whether any reasonable adjustments can be made to enable the person concerned to remain in employment. If the Board concludes that the person concerned should be required to retire on medical grounds it shall clearly so state and, in the case where the person concerned is a member of the USS, confirm that in its opinion he is suffering from permanent ill-health or infirmity.
- 4.12. It is the responsibility of the Board secretary to ensure that the Warden and all the parties to the hearing receive a copy of the decision. The decision document shall be sent to the person concerned as well as his representative, except in the case where it is clear that the representative has authority to act in place of the person concerned, or in any other case with the consent of the person concerned.
- 4.13. The person concerned shall have the right to make further representations to the Warden provided that this is done within 14 days of receipt of the decision document by the person concerned. Upon receipt of the Board's decision and any further representations from the person concerned, the Warden shall decide whether to terminate the employment of the person concerned on medical grounds. But prior to any decision to so terminate, the Warden shall first consult the Governing Body, respecting medical confidentiality in so far as this is possible. The Warden shall arrange for a special meeting of the Governing Body for this purpose and shall keep the person concerned and/or his or her representative informed as to the process. Secondly, depending on the circumstances of the case, including the length of time taken, the Warden shall afford the person concerned an opportunity to retire on medical grounds in accordance with the rules of the USS where applicable.
- 4.14. In the event that the Board does not determine that the person concerned should be required to retire on medical grounds, for example because it is not satisfied that the person concerned is incapacitated on medical grounds, the Warden shall consider the position and, if he or she so determines, may invoke the Disciplinary Procedure at any stage including requesting the Governing Body to appoint a Tribunal.

Part V: Appeals Procedure

1. A Notice of Appeal against any decision under Parts II, III or IV of the Statute must be served on the Warden within 28 days of the decision. The Warden shall bring the fact that an appeal has been made to the attention of the Governing Body and inform the appellant that this has been done. The Warden shall consider any appropriate action, including suspension that may be required in relation to the appellant and/or the appellant's position in the College pending the outcome of the appeal.
2. The Governing Body shall appoint a person to hear the appeal in accordance with Clause 29 of the Statute who shall be called the Chair, and the two further persons in accordance with Clause 29(4) of the Statute who shall sit with the Chair if the Chair so decides under Clause 4 below.
3. In the event that the notice of appeal is not served in time in accordance with Clause 28 of the Statute, the Chair shall consider the circumstances of the case including the length and the reason for the delay and the grounds of appeal and shall determine whether justice and fairness require that the appeal shall be permitted to proceed.
4. The Chair shall consider whether to sit alone or with two other persons. In the event that the Chair decides to sit with two other persons, they shall be the persons appointed by the Governing Body in accordance with Clause 2 above and the body so constituted shall be referred to as the Appeal Body, which term shall also refer to the Chair in the event that the Chair sits alone.
5. The Chair shall appoint a date, time and place for the hearing and shall make such other directions for the disposal of the case as appear to him or her appropriate including the joinder of other parties, and any directions that may be required to clarify the grounds of appeal. The Appeal Body shall have power to adjourn the hearing from time to time as it sees fit.
6. Notice of the date, time and place and any directions made by the Chair shall be served on all parties to the appeal at least 14 days before the date appointed and the appellant shall be notified that the appellant has the right at his or her own expense to be represented by another person who may, but need not, be legally qualified. The appellant and any other party shall also be notified of their right to call witnesses with the consent of the Appeal Body.
7. Any committee, board or other body shall, if joined as a party to the appeal by the Chair, appoint one or more persons either from among their number or otherwise, who may, but need not, be legally qualified, to prepare and present the response to the appeal, such response to be served on the Appeal Body, the appellant and any other parties at least seven days before the day appointed for the hearing of the appeal.
8. Any hearing of the appeal may be adjourned or postponed at the discretion of the Chair. The Appeal Body may dismiss the appeal for want of prosecution. However no decision to dismiss in such circumstances shall be made without first having provided the appellant with an opportunity to make representations whether orally or in writing.
9. Except as provided in Clause 8 above no appeal may be determined without an oral hearing, due notice of which has been served on the appellant and any persons appointed by the appellant to represent him or her.
10. Each party to the hearing shall be entitled to make a statement and to address the Appeal Body. Witnesses may be called with the consent of the Appeal Body. Leave to adduce fresh evidence and/or the calling of witnesses examined at first instance shall

only be given if the Appeal Body is satisfied that it is necessary or expedient in the interests of justice.

11. Subject to the provisions of the Statute and of Part V of this Bylaw, the Appeal Body shall determine its own procedure. The Chair may at his or her discretion set time limits at each stage of the proceedings to the intent that any appeal shall be heard and determined as expeditiously as is reasonably practicable having regard to the principles of justice and equity.
12. In accordance with the provisions of Clause 30(3) of the Statute the Appeal Body may allow or dismiss an appeal in whole or in part or remit the appeal in such manner and for such purpose as it sees fit within the provisions of Clause 30(3) of the Statute. In the event that the Appeal Body remits the appeal in accordance with Clause 30(3)(a)-(d) the Chair may set such time limits for further consideration as he or she considers appropriate.
13. The reasoned decision of the Appeal Body, including any decision under Clause 30(3)(a)-(d), shall be recorded in writing and shall be sent to the Warden and to the parties to the appeal.
14. The Chair may, by an appropriate certificate in writing, correct any accidental errors and/or any omissions in documents recording the decisions of the Appeal Body.

Part VI: Grievance Procedures

1 Bringing a Complaint

- 1.1. A member of academic staff to whom this Statute applies may bring a complaint under Clause 34(1) of the Statute about the matters specified in Clause 33 provided that he or she has exhausted any other relevant avenues of complaint.
- 1.2. Any complaint should be addressed in the first instance to the Warden and should be made in writing. (Any complaints against disciplinary warnings under Clause 13 should be in writing and should specify with sufficient detail the grounds of complaint and any supporting information.) The complainant should specify whether he or she wishes any aspect of the matter to be kept confidential at this stage.

2 Investigating a Complaint

- 2.1. The Warden (which expression includes anyone appointed to act instead of the Warden) shall consider any complaint made under Part VI paragraph 1 of this Bylaw as quickly as he or she reasonably can and shall take steps to investigate the matter. At this stage the Warden may appoint one or more people to investigate the issues on his or her behalf but shall whenever possible meet with the complainant for the purpose of considering the complaint generally and agreeing or establishing the further steps which may be taken. In any case where the complaint relates directly to the conduct of the Warden, the latter shall appoint one or more alternates to act in his stead, such alternate to be the Sub-Warden and/or a senior Emeritus Fellow.
- 2.2. The Warden shall consider in the first instance whether other remedies available to the complainant have been exhausted and may, if in all the circumstances of the case it seems right, discuss with the complainant other appropriate channels for resolution of the complaint prior to taking any further action.
- 2.3. If in any other case other than an appeal against a disciplinary warning the Warden forms the *prima facie* view that the complaint should be dismissed or that no further action should be taken for the reasons set out in Clause 34(2) of the Statute, the Warden shall so inform the complainant and invite the complainant's views before taking further action. Upon receipt of the complainant's response, or in the event that no response is received within 21 days, the Warden shall consider the matter further and shall take such action as seems to him or her right including dismissing the complaint. The Warden shall notify the complainant and the Governing Body of the decision at the earliest opportunity.
- 2.4. Provided that he or she acts within 7 days of receiving the decision of the Warden under Clause 2.3 above, the complainant may refer the matter to the Governing Body. If a majority of the Governing Body so determines, it may appoint a Grievance Committee to hear the complaint notwithstanding it has been dismissed by the Warden.
- 2.5. In any case where, upon due consideration, the Warden is satisfied that the subject matter of the complaint may properly be considered with, or forms part of, a complaint under Part III, or a determination under Part IV or an appeal under Part V of the Statute, he shall so inform the complainant and defer any further action on it until such time as the complaint, determination or appeal has been heard or the time for instituting has passed.

3 Informal Resolution

- 3.1. In any case where the Warden does not dispose of the appeal or defer it under Clause 34(3) of the Statute or under the provisions of this procedure, he or she shall consider whether it may be capable of informal resolution. The Warden shall take into consideration the nature and ambit of the complaint and the wishes of the complainant and have particular regard to the interests of justice and fairness. Before attempting informal resolution the Warden shall consider whether the complainant or any other person may benefit from the assistance of a third party in connection with the complaint.
- 3.2. If the complainant objects to informal resolution the Warden shall consider whether to refer the matter to a Grievance Committee or take any other action as he or she sees fit.
- 3.3. In any attempt at informal resolution the Warden shall have regard to confidentiality as far as possible and shall ensure that the interests of the parties to the matter are considered at all stages.

4 Grievance Committee

- 4.1. In any case where the complaint has not been disposed of by the Warden, or where an appeal is made under Clause 13(3) of the Statute, the Warden shall refer the matter to a Grievance Committee ("the Committee") established in accordance with the provisions of Clause 36 of the Statute. The Governing Body shall appoint one of its members to act as Chair. The Warden shall notify the Committee of the nature of the complaint or appeal and shall provide the Committee with copies of any statements or other relevant documents which he considers will assist in the fair disposal of the matter. Any appeal under Clause 13(3) of the Statute shall be in writing and shall specify with sufficient detail the grounds of appeal and any supporting information.
- 4.2. The Warden shall notify the individual concerned that the matter has been referred to the Committee and shall provide the individual concerned with copies of the documents which he or she has provided to the Committee.
- 4.3. The Committee shall meet as soon as is reasonably practical to consider the matter on a preliminary basis. At this stage, the Committee may appoint someone to act as secretary or clerk to assist in all aspects of the grievance hearing or appeal and the preparatory steps. The Committee may call for written statements from the individual concerned or any other person and may cause such investigations to be conducted as appear appropriate, if necessary by an independent person specifically appointed for the purpose. The Committee shall appoint a time for the matter to be heard and may make such arrangements as it considers fit for the fair and just hearing of the matter. The Committee may appoint its Chair to act in its stead in all preliminary matters. The Committee shall have power to adjourn the proceedings from time to time as it sees fit.
- 4.4. The matter shall not be disposed of without an oral hearing at which the individual concerned, and any person against whom the grievance or appeal lies, shall be entitled to be heard and to be accompanied by a friend or representative. Save that the hearing may proceed in the absence of the individual concerned or any other party who fails to attend without reasonable cause.
- 4.5. Provided that due regard is had to the interests of justice and fairness, the conduct of the hearing and any associated matters may be determined by the Committee. In particular, the Committee may determine whether and to what extent oral

examination of witnesses shall be permitted, whether any evidence may be taken in the absence of the individual concerned (or the person against whom any complaint is made) and whether and what time limits shall be set for the proceedings.

- 4.6. The reasoned decision of the Committee as to whether the complaint or appeal is well-founded shall be notified in writing to the individual concerned and any person against whom any complaint is made, as well as to the Governing Body. In the event that any part of the grievance or appeal is upheld, the Committee shall also notify the Governing Body of its recommendations as to the proper redress for the individual concerned and any other recommendations as it sees fit.
- 4.7. No appeal lies from the decision and/or recommendations of the Committee.

XI. DISCIPLINE AND FITNESS TO STUDY

XI A: ACADEMIC DISCIPLINE

Introduction

1.
 - (a)
 - (i) Merton College promotes academic excellence and seeks to support all its undergraduates in fulfilling their academic potential. When joining the College, undergraduates contract to pursue satisfactorily the studies which are required of them. Academic obligations are set out in detail in Section 31 of the *College Handbook*.
 - (ii) The primary sources of academic advice and support for undergraduates are the Directors of Studies assigned to them each year and their Tutors. Information on their role is set out in Section 5 of the *College Handbook*.
 - (b)
 - (i) The Academic Disciplinary process outlined below is intended to be followed in cases where an undergraduate is deemed to be in breach of academic obligations.
 - (ii) Undergraduates should be aware that they are also subject to the University's regulations concerning student conduct and that they are therefore expected to observe two sets of (complementary) disciplinary regulations. The University's Student Handbook (Proctors' and Assessor's Memorandum) provides more information on the University's remit, see <http://www.admin.ox.ac.uk/proctors/info/pam/>.
 - (c) The College's process is presented in a flowchart at the end of the Bylaw.

Disciplinary Offences

2. The use of dishonest means in any examination or in fulfilling any academic obligation is a serious disciplinary offence. If an undergraduate is alleged or is suspected to have committed such an offence, the procedures set out at Bylaw XI B shall apply.

Informal Warning

3. Academic obligations include and are not confined to attending all tutorials and classes punctually; completing the work set to a standard that is commensurate with their ability and by the deadlines that their tutors prescribe; and sitting such collections as their tutors prescribe, and achieving in them a standard that is commensurate with their ability.
4. If in the opinion of any of his or her tutors an undergraduate is in breach of any of the academic obligations, his or her director of studies shall normally in the first instance remind him or her informally of these obligations.
5.
 - (a) This reminder shall normally take place at an individual, face to face meeting at which the director of studies shall clarify that an informal warning is being given, specify the breaches of academic obligations which have prompted it, give the undergraduate an opportunity to comment, and agree with the undergraduate actions needed to improve performance.

- (b) The director of studies shall make a note of the date of the informal warning and it shall usually be considered spent within one year after it has been issued, provided there has been no further breach of academic obligations, unless the director of studies specifies otherwise.

Formal Warning

- 6.
 - (a) Should the breach be serious or persistent, the director of studies shall specify the shortcomings in writing and issue a formal written warning that failure to rectify them will result in the invoking of probation, the breach of whose terms could, after subsequent reference to the Academic Review Panel, lead to severe penalties including expulsion from the College.
 - (b) The undergraduate shall be given the opportunity to put his or her case and to draw attention to any mitigating circumstances that may apply.
- 7.
 - (a) Mitigating circumstances are to be understood as significantly disruptive and/or unexpected events which are beyond the undergraduate's control (e.g., illness or bereavement) but which might affect academic performance when submitting assessed work or sitting examinations.
 - (b) Circumstances or events that would not normally merit consideration include consequences of paid employment and sporting commitments.
 - (c) The College may require independent confirmation of mitigating circumstances, for example a medical certificate from the College Doctor in cases of illness or equivalent proof in other circumstances.
- 8.
 - (a) The director of studies' specification of shortcomings and written warning and any representations made by the undergraduate will be placed on file and reported in writing to the Senior Tutor, who shall ensure that the undergraduate understands what is required of him or her and the implications of failure to comply.
 - (b) The Formal Warning shall be considered spent one year after it has been issued, provided there has been no further breach of academic obligations.
- 9. If the Senior Tutor is interested in the matters relating to the undergraduate or is otherwise unable to act, the Warden and the Tutors' Committee shall nominate another member of the Governing Body to act in the Senior Tutor's place. Throughout this Bylaw, references to the Senior Tutor shall include any such nominee.

Probation

- 10.
 - (a) If within reasonable time of the written warning the undergraduate fails to respond by meeting in full his or her academic obligations, the undergraduate's director of studies shall recommend a period of probation normally of not less than eight weeks, at least five of the weeks being in Full Term.
 - (b)
 - (i) The director of studies shall propose the duration and conditions of probation in writing to the Senior Tutor, who shall seek the

undergraduate's agreement to them.

- (ii) If agreement is reached, the Senior Tutor shall confirm the duration and conditions in writing to both the director of studies and the undergraduate and shall report the probation to the Warden and Tutors' Committee.
- (iii) The Senior Tutor shall send a copy of this Bylaw to the undergraduate and shall draw attention to the possible consequences of failure to satisfy the terms of probation.

11.

- (a) In the event of failure to agree, the undergraduate shall have the right to ask for the imposition of probation or its conditions to be referred for decision by the Academic Review Panel under the provisions of (17) below.
- (b) The Academic Review Panel's decision shall be reported to the Warden and Tutors' Committee.

12. If the probationary terms include a requirement to achieve a specified standard in a collection, the latter shall be externally marked. The marker shall be told that the collection is a penal one but not the standard required.

Review of probation

13. At the end of the stated period of probation or sooner at the request of the director of studies, the director of studies shall report in writing to the Senior Tutor, with a copy to the undergraduate, stating whether the terms of probation have been satisfied.

14. If all the terms of probation have been satisfied, the Senior Tutor shall inform the undergraduate in writing that probation has been purged and report accordingly to the Warden and Tutors' Committee.

15.

- (a)
 - (i) If the director of studies reports that any probationary terms have been breached, one (but not normally more than one) extension of probation may be proposed, under the same terms as before or subject to different conditions.
 - (ii) The director of studies shall not be obliged in any case to seek an extension of probation and a breach of the probationary terms may lead directly to a reference to the Academic Review Panel under paragraph 18 below.
- (b) The Senior Tutor shall seek the undergraduate's agreement to any extension of probation and its conditions, observing in every respect the provisions of paragraphs 10-12 above.

Referral to the Academic Review Panel

16.

- (a) The Academic Review Panel reports to the Warden and Tutors' Committee and consists of six members of the Governing Body including at least three person holding the office of Tutor. The Senior Tutor shall not be a member.
- (b) Any tutor of the undergraduate whose case has been referred and any other interested person shall be replaced by other members of the Governing Body

co-opted by the other members of the Panel. For the purposes of this subparagraph only a “tutor” shall be defined as any person who has acted as that undergraduate’s director of studies or has filed or will file an academic report on that undergraduate’s work during the course of the current academic year.

- (c) The members of the Academic Review Panel as constituted after any replacements have been co-opted shall elect one from among their number to take the chair.
- (d) The Academic Review Panel may regulate its proceedings as it sees fit including (without limitation) setting time limits on the evidence to be called and the representations to be made by either the undergraduate or the director of studies consistent with providing a fair opportunity for each of them to present relevant evidence whilst ensuring that the matter is heard and determined expeditiously.
- (e) At any hearing concerning a breach of probation the burden of proving the charges shall be on the director of studies and the standard of proof shall be the balance of probabilities.

Hearings concerning the imposition or extension of probation

17.

- (a) If the undergraduate requests referral of the imposition or extension of probation or its conditions to the Academic Review Panel, the Senior Tutor shall send its Chair:
 - (i) copies of the director of studies’ specification of shortcomings and written warning (and, in the case of a proposed extension to probation, the director of studies’ report on probation and recommendations as to its extension); and
 - (ii) the director of studies’ proposals for the duration and conditions of probation or its extension; and
 - (iii) any representations previously made by the undergraduate.
- (b) The undergraduate shall state in writing his or her objections to the proposals, and the director of studies shall be invited to respond, a copy of any such response being sent to the undergraduate.
- (c)
 - (i) The Academic Review Panel shall meet to consider the case and may ask the undergraduate and the director of studies to attend the meeting and interview them.
 - (ii) The undergraduate may attend at his or her own request.
 - (iii) The Academic Review Panel may proceed in the undergraduate’s absence.
- (d)
 - (i) The Academic Review Panel shall have the power to accept or reject or to amend as it sees fit the proposals relating to probation or its extension.
 - (ii) The adjudication of the Academic Review Panel shall be communicated in writing to the Senior Tutor, the director of studies and to the undergraduate and shall be final.

Hearings concerning a breach of probation

18. Except as provided for by extension of probation the Senior Tutor shall send to the Chair of the Academic Review Panel a written statement ("the Charge Sheet") setting out (a) the conditions of probation, (b) the report of the director of studies, (c) any correspondence with the undergraduate in relation to the probation and any warning leading to the probation, and (d) any other information which the Senior Tutor deems relevant, including recommendations as to penalty.
19. The Charge Sheet and this by-law shall be copied to the undergraduate.
20.
 - (a) The Chair of the Academic Review Panel shall call a meeting of the Academic Review Panel, giving the undergraduate at least five days' notice (not including Saturday and Sunday) unless the undergraduate agrees to shorter notice being given.
 - (b) The undergraduate shall be told in writing the time of the meeting and that written material may be submitted up to 48 hours before the Academic Review Panel meets.
21.
 - (a) Without prejudice to the Academic Review Panel's right to regulate its own proceedings, the following procedure shall normally be adopted.
 - (b)
 - (i) The undergraduate and the director of studies shall attend the meeting and may be interviewed by the Academic Review Panel provided that if the undergraduate fails or refuses to attend the Academic Review Panel may proceed in his or her absence.
 - (ii) The undergraduate may be accompanied by a current member of the University or an Oxford SU sabbatical officer as an advisor.
22.
 - (a) The director of studies shall explain the undergraduate's breach of the conditions of probation.
 - (b) The undergraduate shall be given an opportunity to respond, or to say anything that he or she considers relevant.
23.
 - (a) The Academic Review Panel shall then decide whether the undergraduate has breached the terms of probation.
 - (b) If the Academic Review Panel finds that a breach has occurred, the Chair shall inform the undergraduate of this fact and of the Senior Tutor's recommendation as to penalty and invite the undergraduate to make a plea in mitigation.
 - (c)
 - (i) The Academic Review Panel shall then consider the appropriate penalty.

- (ii) The penalty may include: banning, rustication or expulsion from the College. The Academic Review Panel may attach such conditions as it sees fit to any penalty.
 - (d) The undergraduate shall be told in writing of the Academic Review Panel's decision and its reasons and shall also be advised of the right of appeal to the Appeals Panel.
- 24.
- (a) The Chair of the Academic Review Panel shall at once report the Academic Review Panel's decision to the Principal of the Postmasters, and to the Senior Tutor who shall report it to the Warden and Tutors' Committee, and shall inform the Proctors if appropriate and any College staff affected by the decision.
 - (b)
 - (i) The full communication to the undergraduate shall not normally be circulated, but shall be held in the Warden's office.
 - (ii) In the event of any appeal, it shall be available to members of the Appeals Panel.
25. The words "banning", "rustication" and "expulsion" shall bear the meanings given to them in Part A of Statute XI of the University's Statutes and Regulations (substituting "the College" for "the University" in such definitions).
26. **Banning** means that for a specific period of time the undergraduate ceases to be provided with tuition by the College or to have the use of College facilities. The undergraduate remains a member of the University of Oxford and may still enter his or her name for its examinations as an individual, and may appear in the Class List, provided that statutable residence has been kept.
27. **Rustication** means that the undergraduate's right of access to the facilities of the College and/or the University are withdrawn, usually for a specified period or until certain conditions have been fulfilled. The undergraduate remains a member of the University but ceases to be formally in residence and so cannot complete the required number of statutable terms. The Vice-Chancellor and Proctors have the power to excuse from part of statutable residence any member of the University who has been prevented by illness or other reasonable cause from keeping such residence, every application for such dispensation being made through the College. 'Reasonable cause' will be considered to include having been rusticated.
28. **Expulsion** means that an undergraduate is deprived of membership both of the College and of the University and therefore loses the right to enter for University examination or take its degrees.
- 29.
- (a) If the undergraduate is alleged to have committed any disciplinary offences as well as breaches of probationary conditions, the Senior Tutor may propose, in the interests of dealing fairly and expeditiously with the matters concerning the undergraduate, that the matters should be referred solely to the Disciplinary Panel.
 - (b) The Disciplinary Panel in such a case shall include at least three Tutors and shall, with regard to the alleged breaches of probationary conditions, comply with the procedures set out in this Bylaw and be treated as the Academic Review Panel for the purposes of this Bylaw.
- 30.
- (a) The Appeals Panel reports to the Warden and Tutors' Committee.

- (b)
 - (i) The members of the Appeals Panel shall in cases of academic discipline under Bylaw XI A be the Warden (or another member of the Governing Body nominated by the Warden) and four other members of the Governing Body of whom at least two shall hold the office of Tutor. Members of the Academic Review Panel shall not be members.
 - (ii) Any tutor of the undergraduate whose case has been referred and any other interested person shall be replaced by other members of the Governing Body co-opted by the other members of the Panel. For the purposes of this sub-paragraph only a "tutor" shall be defined as any person who has acted as that undergraduate's director of studies or has filed or will file an academic report on that undergraduate's work during the course of the current academic year.
 - (c) The Warden or the Warden's nominee shall ordinarily chair the Panel when it is convened for the purposes of Bylaw XIA. If the Warden or the Warden's nominee is replaced the Panel as constituted after any replacements have been co-opted shall elect one from among their number to take the chair.
 - (d)
 - (i) The Appeals Panel may regulate its proceedings as it sees fit.
 - (ii) The Chair of the Appeals panel shall have the power whether on application by the Junior Member or the Chair of the Academic Review Panel or without such an application to extend any time-limit imposed by this Bylaw where it seems expedient to do so (such as to take account of periods when the College will be closed).
31. Any appeal must be made in writing to the Chair of the Appeals Panel within five days (not including Saturday and Sunday) of the communication of the Academic Review Panel's decision to the undergraduate, stating the basis of the appeal.
- 32.
- (a) The undergraduate may appeal on the following basis:
 - (i) errors in the Academic Review Panel's findings (which must be specified by the undergraduate); and/or
 - (ii) the disproportionality of the penalty to the gravity of the breach of academic obligations.
 - (b) The undergraduate shall not be entitled to bring an appeal which challenges the academic judgment of the Academic Review Panel.
33. The Chair of the Appeals Panel shall copy the undergraduate's appeal to the Chair of the Academic Review Panel who shall respond in writing to the Chair of the Appeals Panel within five days (not including Saturday or Sunday). The Chair of the Appeals Panel shall then copy that response to the undergraduate.
- 34.

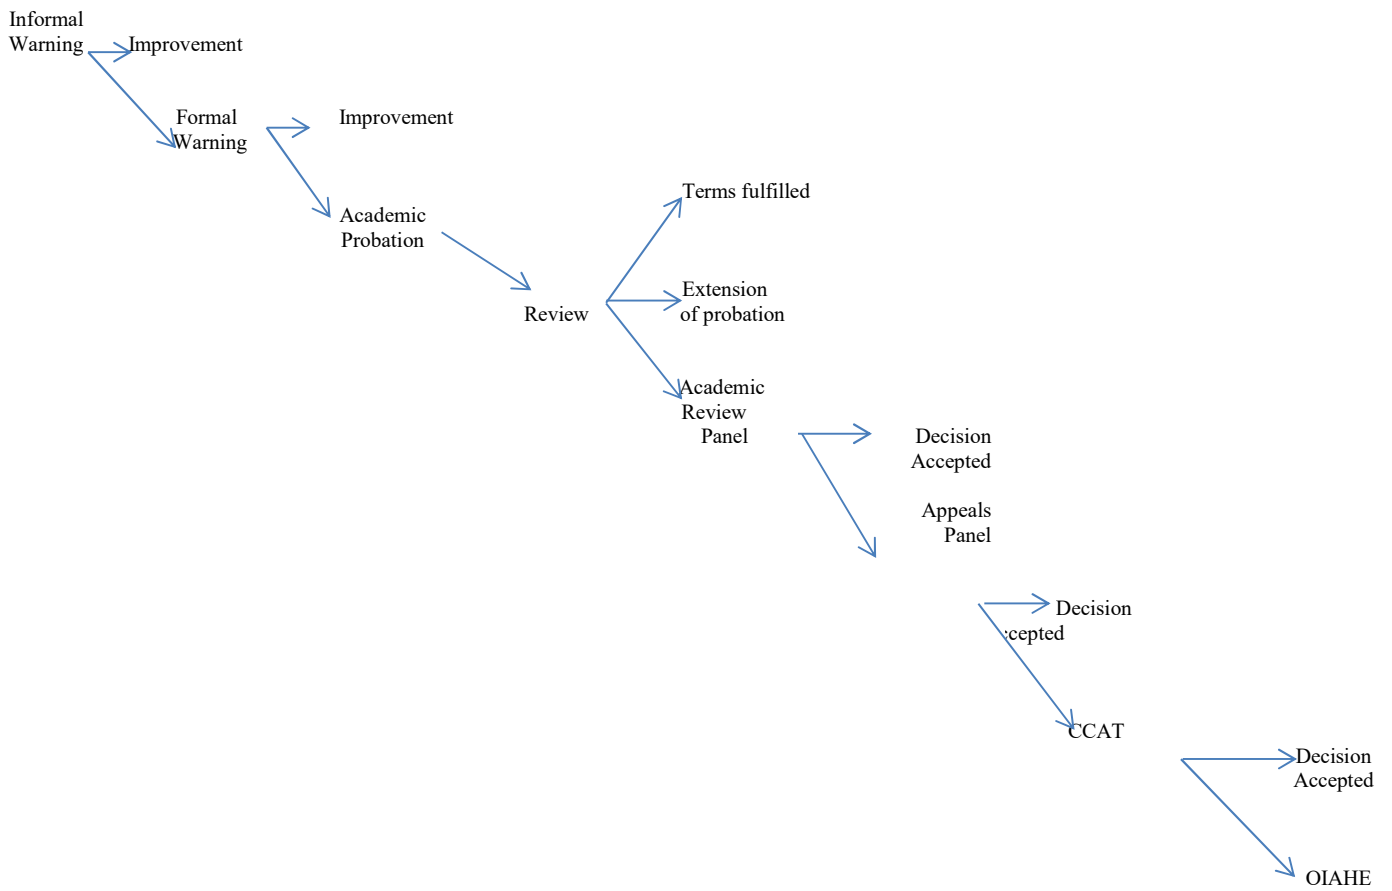

- (a) The Chair of the Appeals Panel shall call a meeting of the Appeals Panel giving the undergraduate at least five days' notice (not including Saturday or Sunday) of such meeting, unless the undergraduate agrees to shorter notice being given.
 - (b) The undergraduate shall be told in writing of the time of the meeting.
- 35.
- (a) Without prejudice to the Appeals Panel's right to regulate its proceedings, the following procedure shall normally be adopted. The Appeals Panel shall consider the undergraduate's basis of appeal and the response of the Chair of the Academic Review Panel.
 - (b) The undergraduate may attend the meeting with a current member of the University or an Oxford SU sabbatical officer as an advisor and make oral representations. If the undergraduate elects to attend, the Chair of the Academic Review Panel may also attend (and may bring a current member of the University as an advisor).
 - (c) The Appeals Panel may in any case request the presence of the undergraduate, the Chair of the Academic Review Panel, and the director of studies and may interview them; in the event that the undergraduate fails or refuses to attend the Appeals Panel may proceed in his or her absence.
36. The Appeals Panel can confirm or amend the decision of the Academic Review Panel. The Appeals Panel may attach such conditions as it sees fit to any penalty. The undergraduate shall be told of the Panel's decision and its reasons in writing.
- 37.
- (a) The decision of the Appeals Panel shall be final in the College although the undergraduate shall have the right to appeal the decision of the Appeals Panel to the Conference of Colleges' Appeals Tribunal (see <https://weblearn.ox.ac.uk/portal/hierarchy/colleges/confcoll/> for further information).
 - (b) If an undergraduate wishes to bring such an appeal, he or she shall file a written application with the secretariat of the Conference of Colleges within five days of the date of the decision appealed against. The application shall include:
 - (i) a copy of the decision being challenged;
 - (ii) a brief statement of the facts and arguments of law on which the application is based;
 - (iii) the undergraduate's request for relief;
 - (iv) where applicable, an application for a stay of the effects of the decision being challenged or for any other preliminary relief of an urgent nature; and
 - (v) the undergraduate's address and, where applicable, the electronic mail address at which he or she can be reached for the purpose of the proceedings.
 - (c) If the Conference of Colleges Appeals Tribunal upholds the College's decision, the undergraduate may appeal to the Office of the Independent Adjudicator for Higher Education (see www.oiahe.org.uk for further information). Application forms and guidance notes are available from the Academic Office.

38. Where the provisions of paragraph 2 above have had effect, if any appeal made by the undergraduate relates both to disciplinary matters and any alleged breach of probationary matters then the appeals shall be referred solely to an Appeals Panel constituted in accordance with paragraph 19 of Bylaw XI B. That Appeals Panel shall, with regard to any matter of academic discipline, be treated as the Appeals Panel for the purposes of this Bylaw.
- 39.

Bylaw XI A flowchart

XI B: CONCERNING DISCIPLINE FOR SERIOUS MISCONDUCT

Introduction

1.
 - (a) Junior Members admitted to Merton College undertake to abide by the regulations of the College as set out in the *College Handbook*. These include the specific rules set out in Part 3 of the *College Handbook* and for those who reside in College accommodation, the accommodation agreement set out in Part 4.
 - (b) Responsibility for general discipline is vested in the Principal of the Postmasters, assisted by the Deputy Principal of the Postmasters. Their powers are described in the *College Handbook*.
2. The Disciplinary process outlined below is intended to be followed in cases of serious misconduct, defined in the *College Handbook*. A flowchart presents the processes for the handling of serious cases, as well lesser offences.
3. Junior Members should be aware that they are also subject to the University's regulations concerning student conduct and that they are therefore expected to observe two sets of (complementary) disciplinary regulations. The University Students' Handbook provides more information on the University's remit.

The Disciplinary Panel

4.
 - (a) The Disciplinary Panel reports to the Warden and Tutors' Committee or the Graduate Committee depending on the status of the Junior Member concerned.
 - (b) The Disciplinary Panel normally consists of the Sub-Warden (or if the Sub-Warden is unavailable another member of the Governing Body nominated by the Sub-Warden) and four other members of the Governing Body at least two of whom shall hold the office of Tutor. The Principal of the Postmasters shall not be a member.
 - (c) The Panel may (but shall not be obliged to) ask an assessor, to be known as the Disciplinary Assessor, to be present at its deliberations and to advise it but such person shall have no vote.
 - (d) Any tutor of the Junior Member brought before the Panel and any other person with an interest in the subject-matter of the allegations made against the Junior Member shall be replaced by other members of the Governing Body co-opted by the other members of the Panel.
 - (e) For the purposes of Bylaw XI B.4(d) above only a "tutor" shall be defined as follows:
 - (i) in the case of an undergraduate as any person who has acted as that undergraduate's director of studies; and
 - (ii) in the case of a graduate student as any person who has acted as that graduate student's supervisor or college advisor; and
 - (iii) in either case as including any person who has filed or will file an academic report on that Junior Member's work during the course of the current academic year.

- (f) The Sub-Warden or the Sub-Warden's nominee shall ordinarily chair the Panel. If the Sub-Warden or the Sub-Warden's nominee is replaced pursuant to Bylaw XI B.4(d) above the most senior of the Tutors present shall chair the Panel.
- (g)
 - (i) The Disciplinary Panel may regulate its proceedings as it sees fit.
 - (ii) The power of the Disciplinary Panel to regulate its proceedings includes (without limitation) the power to set time-limits on the evidence to be called by either the Junior Member or the Principal of the Postmasters consistent with providing a fair opportunity for each of them to present relevant evidence whilst ensuring that the matter is heard expeditiously and determined fairly.
 - (iii) The Chair of the Disciplinary Panel shall have the power whether on application by the Junior Member or the Principal of the Postmasters or without such an application to extend any time-limit imposed by this Bylaw where it seems expedient to do so (such as to take account of periods when the College will be closed).
- (h)
 - (i) A Junior Member who is accused of misconduct shall normally be entitled to see and be provided with copies of all documents and other material that will be put to the Panel, to see all the witness-statements upon which the Principal of the Postmaster intends to rely, to know the identity of the maker of any such statement, and to ask questions of all witnesses.
 - (ii) The rule stated in Bylaw XI B.4(h)(i) shall be disapplied only in exceptional cases. Such exceptional cases include cases where there is a reasonable fear that a witness may be subjected to intimidation or violent reprisal.
 - (iii) If the Principal of the Postmasters believes that it is necessary for something to be done which is contrary to the rule stated in Bylaw XI B.4(h)(i) he or she shall apply to the Chair of the Disciplinary Panel in writing for a direction.
 - (iv) The Junior Member shall be notified of the nature of the application but shall not be provided with any document or information which would render the application pointless. If the Junior Member wishes to respond to the application, he or she shall do so in writing within 5 days (not including Saturday or Sunday).
 - (v) The Chair of the Disciplinary Panel shall determine the application without an oral hearing unless he or she considers it necessary or expedient to hold one and shall notify the Principal of the Postmasters and the Junior Member in writing of his or her decision.
 - (vi) Once the Chair has notified the Principal of the Postmasters and the Junior Member of his or her decision no action shall be taken in relation to any material which was the subject of the application until either:
 - (a) the time in which they could apply for a redetermination has elapsed without such an application being made or
 - (b) there has been a redetermination.

- (vii) If either the Principal of the Postmasters or the Junior Member is dissatisfied with the result of the application to the Chair he or she may apply for redetermination by the Disciplinary Panel without the participation of the Chair.
 - (viii) An application for a redetermination shall be made in writing to the Chair of the Disciplinary Panel within five days of receiving his or her decision.
 - (ix) The Disciplinary Panel shall determine the application without the participation of the Chair. The material upon which the redetermination shall be made shall normally be only the material provided to the Chair. There shall not be an oral hearing unless the Disciplinary Panel considers it necessary or expedient to hold one.
 - (x) The Disciplinary Panel shall notify the Chair, the Principal of the Postmasters and the Junior Member in writing of its decision and shall give directions accordingly.
 - (xi) The decision of the Chair (if there has been no redetermination) or of the Disciplinary Panel shall be final and there shall be no right to appeal the decision to the Appeals Panel.
 - (xii) If the Principal of the Postmasters makes an application which would, if accepted, have the effect of concealing the identity of any person, and the application is rejected, that person's identity shall nonetheless not be disclosed to the Junior Member without that person's consent.
 - (xiii) If a witness refuses to consent to the disclosure of his or her identity to the Junior Member or refuses to be questioned on his or her evidence by or in the presence of the Junior Member or refuses to attend a hearing, the Disciplinary Panel shall exclude the witness's evidence from consideration in the absence of exceptional circumstances as provided in Bylaw XI B.4(h)(ii). If the Disciplinary Panel does not exclude the evidence from consideration, due weight must be given to the disadvantage to the Junior Member of not knowing the identity of the witness or of being unable to test the witness's evidence by questions.
- (i) In any proceedings before the Disciplinary Panel the burden of proving the allegations shall be on the Principal of the Postmasters and the standard of proof shall be the balance of probabilities.
 - (j) The Chair of the Disciplinary Panel shall ensure that arrangements are made for a written note to be taken and a sound-recording made of the open proceedings (but not of the Disciplinary Panel's private deliberations).
 - (k)
 - (i) All material submitted to the Disciplinary Panel by either party shall be treated as confidential.
 - (ii) The requirement of confidentiality does not prevent either party or the Disciplinary Panel from taking appropriate advice or seeking appropriate welfare support.

Referral to the Disciplinary Panel

5. If the Principal of the Postmasters believes that a Junior Member has a case to answer in relation to an offence which, would, if proved, require a more severe penalty than

the Principal of the Postmasters can impose, he or she shall refer the case to the Disciplinary Panel.

6. If the Principal of the Postmasters is interested in the matters relating to the Junior Member or is the Junior Member's tutor (in the sense of Bylaw XI B.4(e) above) or if the Principal of the Postmasters is otherwise unable to act, the Warden and Tutors' Committee shall nominate another member of the Governing Body to act in his or her place. Throughout this Bylaw, references to the Principal of the Postmasters shall include any such nominee.
7.
 - (a) The procedures set out in Bylaws XI B.8(b) to XI B.13 shall not apply if a Junior Member has been convicted of a criminal offence capable of attracting an immediate sentence of imprisonment (whether or not such a sentence is imposed). In such circumstances Bylaws XI B.14-19 shall apply instead.
 - (b) Subject to (a) above, when referring a case to the Disciplinary Panel, the Principal of the Postmasters shall send to the Chair a written statement (the "Statement of Case") setting out:
 - (i) the provision(s) of the College regulations which have allegedly been broken;
 - (ii) the facts which form the basis of the allegation;
 - (iii) the evidence on which the allegation is based including the signed statement of any person the Principal of the Postmasters is proposing to call as a witness; and
 - (iv) any other information which the Principal of the Postmasters deems relevant, including recommendations as to penalty.
8.
 - (a) The Statement of Case and this Bylaw XI B shall be copied to the Junior Member.
 - (b)
 - (i) Copies of the Statement of Case shall also be sent to the Junior Member's director of studies or college advisor, as appropriate, who shall be asked to comment in writing on the character of the Junior Member and any other matter that the director of studies or college advisor thinks should properly be taken into account. These comments shall be copied to the Junior Member.
 - (ii) At the request of a Junior Member who is a graduate student a copy of the Statement of Case shall also be sent to his or supervisor who shall be asked to comment in writing in the same manner as the college advisor. These comments shall be copied to the Junior Member.
9.
 - (a) The Chair of the Disciplinary Panel shall call a meeting of the Disciplinary Panel giving the Junior Member at least five days' notice (not including Saturday or Sunday), unless the Junior Member agrees to shorter notice being given.
 - (b) The Junior Member shall be told in writing of the time of the meeting and that written material may be submitted up to 48 hours (not including a Saturday or Sunday) before the Disciplinary Panel meets.

- (c) If the Junior Member intends to call any person as a witness at the meeting, the Junior Member shall include a written statement signed by such person with the written material submitted to the Disciplinary Panel.

 - (c)
 - (i) The Principal of the Postmasters shall present the case against the Junior Member in his or her presence (except where the Junior Member fails or refuses to attend and the Disciplinary Panel has decided to proceed in the Junior Member's absence).
 - (ii) The Principal of the Postmasters may call any witness whose statement he or she has previously submitted to the Disciplinary Panel. The Disciplinary Panel shall ordinarily rely on the submitted statement as the substance of the witness's evidence but may allow the Principal of the Postmasters to ask questions to clarify any point in the statement.
 - (iii) The Junior Member may question any witness called by the Principal of the Postmasters.
 - (iv) After the Junior Member has questioned a witness the Disciplinary Panel may allow the Principal of the Postmasters to ask further questions but only for the purpose of clarifying anything said by the witness in answer to the Junior Member.
 - (d)

- (e)
 - (i) For the avoidance of doubt the members of the Disciplinary Panel may also question any person called as a witness.
- (f)
 - (i) If a person who has provided a witness statement is not called as a witness, that person's evidence shall be excluded from consideration by the Disciplinary Panel unless the Junior Member and the Principal of the Postmasters agree that it should be read by the Disciplinary Panel or there are exceptional circumstances.

- (g)
 - (i) If a person who has provided a witness statement is willing to be questioned on his or her evidence but is not able to be present in Oxford on the date of the hearing, the Disciplinary Panel may, on the application of the person wishing to call that witness, make arrangements for that witness to be questioned via electronic means which permit the witness to be seen and heard by all those concerned in the hearing.
- (h) After the conclusion of the Junior Member's evidence:
 - (i) first the Principal of the Postmasters shall address a concluding statement to the Disciplinary Panel;
 - (ii) next the Junior Member shall address a concluding statement to the Disciplinary Panel; and
 - (iii) then the Disciplinary Panel shall consider its verdict in the absence of all other persons except the Disciplinary Assessor (if any) who shall remain present to advise the Panel but shall not be entitled to vote.

11.

- (a) Where the Disciplinary Panel finds the case against the Junior Member to have been proved, the Chair shall announce its decision and invite the Principal of the Postmasters to make a submission as to the appropriate level of penalty.
- (b) The Junior Member shall then be entitled to make a plea in mitigation of the offence.
- (c) The Disciplinary Panel shall then consider the appropriate sentence in the absence of all other persons except the Disciplinary Assessor (if any) who shall remain present to advise the Panel but shall not be entitled to vote.
- (d)
 - (i) The penalty shall be such as the Disciplinary Panel considers fair and proportionate in all the circumstances and may include (without limitation): requiring the Junior Member to reside out of College premises; a fine of any magnitude; banning, suspension, or expulsion from the College.

 - (c) The Deputy Principal of the Postmasters shall respond in writing within two days of the receipt of the written representations (not including Saturday or Sunday) and shall either confirm the fine, set aside the fine, or substitute a lesser fine.

- (d) If the Junior Member is not satisfied with the decision of the Deputy Principal of the Postmasters he shall be entitled to appeal to the Principal of the Postmasters.
- (e) Any appeal to the Principal of the Postmasters shall be made in writing specifying the grounds of the appeal within two days (not including Saturday or Sunday) of the receipt by the Junior Member of the response of the Deputy Principal of the Postmasters.
- (f) The only grounds of an appeal to the Principal of the Postmasters shall be errors (which shall be specified) in the findings of fact made by the Deputy Principal of the Postmasters and/or the disproportionality of the fine to the gravity of the offence.
- (g)
 - (i) The Principal of the Postmasters shall dispose of all such appeals without an oral hearing unless he considers it necessary or expedient to hold one.
 - (ii) The Principal of the Postmasters shall have the power on appeal to confirm, reduce or increase the fine.
 - (iii) The decision of the Principal of the Postmasters shall be communicated to the Junior Member in writing and shall be final.

Appeals against fines greater than £150

36.

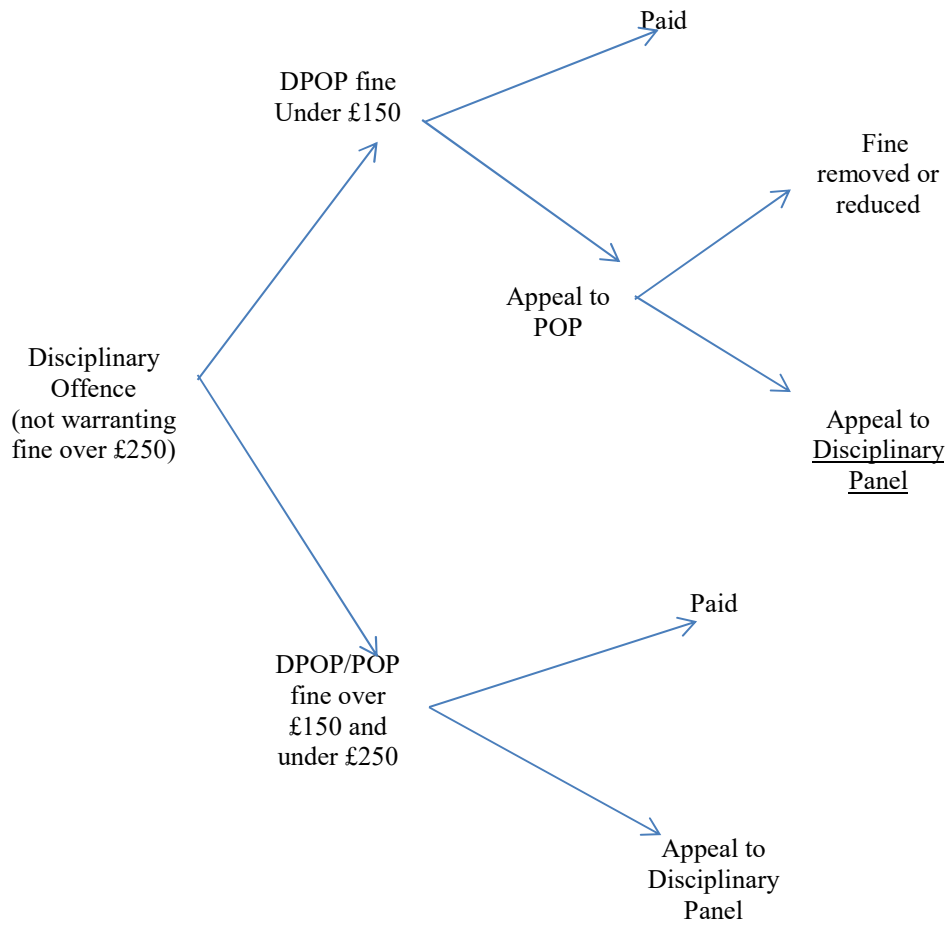

- (a) A Junior Member who has been fined a sum in excess of £150 by the Principal of the Postmasters or the Deputy Principal of the Postmasters may appeal this fine to the Disciplinary Panel, which may confirm, reduce or increase the fine.
- (b) Any appeal must be lodged in writing with the Warden within five days (not including Saturday or Sunday) of the imposition of the fine stating the basis of the appeal.
- (c) The only grounds of appeal shall be errors (which shall be specified) in the findings of the Principal of the Postmasters or the Deputy Principal of the Postmasters and/or the disproportionality of the fine to the gravity of the offence.
- (d) The appeal shall be copied to the Principal of the Postmasters or the Deputy Principal of the Postmasters, who shall be asked to respond within five days (not including Saturday or Sunday).
- (e)
 - (i) The Disciplinary Panel's decision, which shall be final, shall be communicated to the Junior Member in writing, giving reasons.
 - (ii) The Disciplinary Panel shall have the power to impose additional fines or other penalties and may attach such conditions as it sees fit to any penalty:
 - (a) in the event of trivial or frivolous appeals; or
 - (b) where it believes that the event warrants a more severe penalty than that already imposed.

Service of documents

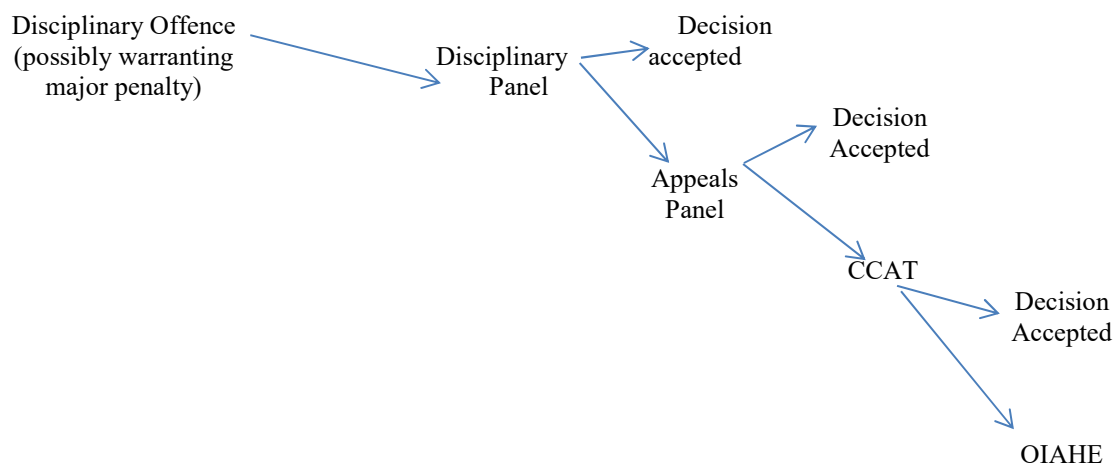

37.

- (a) Unless the Junior Member's University email account has been suspended, all documents required by this Bylaw to be sent to a Junior Member shall be sent by email to the Junior Member's University email address and shall be deemed to be duly delivered when sent.
- (b) If the Junior Member's University email account has been suspended:
 - (i) the Junior Member shall be asked to provide an alternative email address and any documents required by this Bylaw to be sent to him or her shall be sent to that address and shall be deemed duly delivered when sent;
 - (ii) if the Junior Member has not provided an alternative email address documents shall be left at the College lodge (if he or she is still in residence) and shall be deemed duly delivered 24 hours thereafter or shall be posted to the home address he or she has provided via Student Self Service (if he or she is not in residence), and shall be deemed duly delivered three days after the date of posting.
 - (iii) Where any documents are required to be posted to the Junior Member's home address and he or she resides abroad all necessary steps shall be taken to ensure that the documents arrive within the period provided.
- (c) Documents required by Bylaw XI B to be sent to any College Officer or any member of the University other than the Junior Member concerned shall be sent by email to the appropriate University email address and shall be deemed duly delivered when sent.
- (d) Notwithstanding the provisions above as to the use of email, if the volume of documents is such as to make sending them by email unwieldy or impracticable the Chair of the Panel may be asked to direct the use of an alternative method for exchanging documents such as the use of any system of file-sharing provided by the University or, if necessary, paper.

XI C: FAILURE IN THE FIRST PUBLIC EXAMINATION

1.
 - (a) The Senior Tutor shall write to any undergraduate who fails the First Public Examination at the first attempt.
 - (b) The Senior Tutor's letter shall
 - (i) clarify the academic support offered in preparing for the re-sit;
 - (ii) make clear the possible consequence of termination of the course in the event of a second failure; and
 - (iii) remind the recipient of the importance of disclosing any extenuating circumstances which may have affected performance in the First Public Examination.
2.
 - (a) The Senior Tutor shall write to any undergraduate who fails the First Public Examination at the second attempt to notify him or her that their course will be terminated.
 - (b)
 - (i) The undergraduate shall have the right to appeal this decision on the grounds of exceptional circumstances to an Appeals Panel convened by the Warden, or the Sub-Warden in the Warden's absence. This shall comprise no fewer than three members of the Governing Body of whom at least two shall hold the office of Tutor. The Senior Tutor shall not be a member.
 - (ii) Any tutor of the undergraduate whose case has been referred and any other interested person shall be replaced by other members of the Governing Body co-opted by the other members of the Panel. For the purposes of this sub-paragraph only a "tutor" shall be defined as any person who has acted as that undergraduate's director of studies or has filed or will file an academic report on that undergraduate's work during the course of the current academic year.
 - (iii) The members of the Appeals Panel as constituted under Bylaw XI C after any replacements have been co-opted shall elect one from among their number to take the chair.
3.
 - (a)
 - (i) Any appeal pursuant to Bylaw XIC.2(b)(i) above must be made in writing to the Chair of the Appeals Panel within five days (not including Saturday or Sunday) of the communication of the Senior Tutor's letter.
 - (ii) The appeal must set out the exceptional circumstances applicable in the case.
 - (b) If the undergraduate intends to rely on medical evidence at the hearing, he or she must submit a report from the College Doctor to the Senior Tutor at least 24 hours in advance of the hearing unless the primary treating clinician is not the College Doctor, in which case the medical report must be sent to the College Doctor in the first instance five working days in advance of the hearing so that the College Doctor can advise the College appropriately.

4.
 - (a) The Senior Tutor shall notify the undergraduate of the date of the hearing, giving at least five days' notice (not including Saturday or Sunday), unless the undergraduate agrees to shorter notice being given.
 - (b) The hearing shall be conducted and determined by the Appeals Panel.
 - (c) The undergraduate may attend the meeting with a current member of the University (except the Senior Tutor or his or her subject tutors) or an Oxford SU sabbatical officer as an advisor.
5.
 - (a) The purpose of the hearing shall be to enable the Appeals Panel to assess whether the exceptional circumstances presented by the undergraduate mean that their course should not be terminated.
 - (b) At the hearing, the Senior Tutor (or deputy) shall present a report on the circumstances of the case. The Panel may also seek the comments of subject tutors who may attend in person or submit a report as circumstances permit.
 - (c) The undergraduate shall then have the opportunity to present his or her own view of the situation and any supporting evidence, and to respond to the Senior Tutor's report and to the subject tutors' comments.
 - (d) After this, members of the Appeals Panel shall be given an opportunity to put questions on any aspect of the case.
6.
 - (a) At the end of the hearing, the undergraduate, advisor, the Senior Tutor and subject tutors shall withdraw while the Appeals Panel considers its decision.
 - (b) The Chair of the Appeals Panel shall write to the undergraduate as soon as possible to communicate the decision, providing a brief account of the reasons for it.
7.
 - (a) If the Appeals Panel decides that exceptional circumstances mean the undergraduate's course should not be terminated, the undergraduate shall be informed of any conditions which must be met before being allowed to return to residence.
 - (b) The University's regulations prevent an undergraduate from progressing to the Final Honour School without passing the First Public Examination. Permission will need to be sought from the University's Education Committee for any third attempt at the First Public Examination: the College does not have authority to permit this itself.
8.
 - (a) If the Appeals Panel decides that the circumstances presented as exceptional do not justify withholding the usual sanction of terminating the undergraduate's course, the undergraduate may appeal to the Conference of Colleges Appeal Tribunal, a body independent of the College.
 - (b) The undergraduate must normally exercise this right to appeal within five working days of receipt of the Appeals Panel's decision. The Chair's letter shall explain how to do this. Further information shall also be available from the Academic Office.

9. If the Conference of Colleges Appeals Tribunal upholds the College's decision, the undergraduate may appeal to the Office of the Independent Adjudicator for Higher Education (see www.oiahe.org.uk for further information). Application forms and guidance notes shall be available from the Academic Office.

XI D: SUSPENSION AND FITNESS TO STUDY PROCEDURES

Scope

1.
 - (a) This Bylaw contains two procedures.
 - (b) The first part (Suspension of Study Procedure) is intended for situations where an undergraduate wishes to suspend study on medical or other grounds and it sets out the procedure which the College shall follow when considering such requests. Graduates are excluded because requests to suspend study are considered by departmental and faculty Graduate Studies Committees.
 - (c) The second part (Fitness to Study Procedure) details the procedures which the College shall follow when there are concerns about the fitness to study of any Junior Member, whether undergraduate or graduate. A College Fitness to Study Panel (the Panel) plays a role in both procedures.
 - (d) A Glossary of terms used in the Procedures is provided in the Appendix to this Bylaw

The Fitness to Study Panel

2.
 - (a)
 - (i) The Fitness to Study Panel shall be chaired by the Sub-Warden or by another Governing Body Fellow nominated by the Sub-Warden if the Sub-Warden is unavailable, with four other Governing Body Fellows of the College, at least two of whom should be Tutors or former Tutors.
 - (ii) These members shall be drawn by the Chair from a pool of eight Governing Body Fellows who have agreed to sit on the Panel. The Panel shall include both male and female members.
 - (iii) Should any member of the Panel be the tutor of the Junior Member¹ or have an interest in the case, she or he shall be replaced by another member of the pool (or a member of the Governing Body co-opted by the other members of the Panel in the event that there is no member of the pool available).
 - (iv) The Panel shall normally require the participation of five members but outside of term in cases of urgency special arrangements may need to be made including reducing the number of members to not less than three.
 - (b)
 - (i) The Senior Tutor shall provide an anonymised annual report on the work of the Panel to both the Warden and Tutors' Committee and the Graduate Committee.
 - (ii) All individual student suspensions of study shall be reported to the Warden and Tutors' Committee or the Graduate Committee, as appropriate, for the official record.

1 For this purpose, a tutor shall be defined as someone who has filed or will file an academic report on a Junior Member's work or has acted as director of studies for an undergraduate, or as College advisor to a graduate student.

General considerations

3.
 - (a) In operating these procedures the College shall take account of all relevant legislation such as the UK General Data Protection Regulation, the Data Protection Act 2018, the Mental Capacity Act 2005, the Human Rights Act 1998, the Equality Act 2010, and the general rights and expectations of a student of confidentiality.
 - (b) In cases where Stages 2 or 3 of the Fitness to Study Procedure have been invoked, the Chair shall make a decision about whether the Junior Member's emergency contact should be informed, and discuss with the Junior Member whether any statutory services should be contacted.
 - (c) The College acknowledges that as a result of implementing this procedure it will receive sensitive personal data and data of a confidential nature pertaining to the student and other third parties, and shall ensure that all such data is handled, processed and stored in accordance with the College's legal obligations in this regard.

Part 1: Suspension of Study Procedure

4.
 - (a) Undergraduates do not have an automatic right to suspend study, though the College will consider sympathetically requests on medical or other welfare grounds and make reasonable adjustments (including with regard to these procedures) in cases covered by the Equality Act 2010.
 - (b)
 - (i) Suspensions on medical grounds shall require medical certification in support of the request from the College Doctors.
 - (ii) The College shall not grant suspension solely on the ground that the Student is or feels ill-prepared for examinations.
 - (iii) Requests for suspension should be made in a timely manner. Requests should normally be made by the undergraduate but in extreme circumstances the College may permit requests to be made by a representative of the undergraduate.
5.
 - (a) Cases shall first be considered confidentially by the Senior Tutor, Chaplain, and relevant Director of Studies, with the involvement of other subject tutors if appropriate.
 - (b) Their review shall not only consider the merits of the request to suspend but shall also work through a checklist of items to ensure the suspension from and return to study are properly planned. The checklist shall include:
 - (i) Agreement of an appropriate treatment plan with the College Doctor;
 - (ii) Appropriate access to facilities while suspended;
 - (iii) Academic plan for catching up on any work backlog and preparing for the term of return, including any collections requirements;

- (iv) Any expectations regarding the provision of interim reports by the undergraduate;
 - (v) Consideration of a referral to the Disability Advisory Service;
 - (vi) Review meeting in the term preceding return;
 - (vii) Implications for examinations (over standing for honours, changed regulations);
 - (viii) Conditions attached to return;
 - (ix) The case for repeating any terms;
 - (x) Anticipated medical and welfare support on return.
6. The Senior Tutor shall then make a recommendation to the Panel, by notifying the Chair, who shall then convene the Panel.
- 7.
- (a) The College expects shortfalls in completed work to be made up and does not ordinarily permit undergraduates to repeat terms if they have received the full tuition. The Panel shall therefore authorise repetition only in rare cases e.g. where there are material gaps in their tuition.
 - (b)
 - (i) Where the Panel does not support the request to suspend, or wishes to impose further or other conditions for the student's return or otherwise, the Chair shall set out the reasons for this decision in writing to the undergraduate.
 - (ii) Where the Panel supports the request, the Senior Tutor shall convey the Panel's decision and any conditions in writing to the undergraduate and report the resulting suspension of study to the Warden and Tutors' Committee.
- 8.
- (a) After an approved suspension on medical grounds and before the undergraduate is permitted to resume study, the College must receive a medical assessment from the College Doctor stating whether or not, in their opinion, the undergraduate is fit to resume study.
 - (b) The College Doctor's assessment shall take into account reports provided by other clinicians involved in the care of the undergraduate during the period of suspension.
 - (c) The Senior Tutor, Chaplain and the undergraduate's Director of Studies shall be responsible for determining, in light of the College Doctor's assessment, whether the undergraduate is fit to study and whether any other conditions for return have also been met.
 - (d)
 - (i) If the Senior Tutor, Chaplain and the undergraduate's Director of Studies are of the view that the undergraduate is fit to return to study and all other conditions for return have been met, the Senior Tutor shall report the undergraduate's return to the Warden and Tutors' Committee.

- (ii) If the undergraduate is not considered fit to return to study or other conditions have not been met, and if no alternative arrangements have been agreed with the undergraduate, the Fitness to Study Procedure may be invoked.
- 9. In the event that a request to suspend is not supported, or an undergraduate disputes the Panel's decision, or the undergraduate is found not to be fit to return to study following a period of suspension, the undergraduate may seek a review. The process to be followed is set out at paragraph 13 below.

Part 2: Fitness to Study Procedure

- 10. This Fitness to Study Procedure has three stages depending on the perceived level of risk, the severity of the problem and the student's engagement with efforts to respond to it. In urgent cases, at the College's discretion, stages 1 and 2 may be bypassed. A flowchart to illustrate the operation of the Fitness to Study Procedure is set out at Appendix 2.
- 11. Throughout the Procedure outlined below, fitness to study is understood as defined by University legislation as:
 - (a) a student's fitness:
 - (i) to commence a distinct course of academic study; or
 - (ii) to continue with his/her current course of academic study; or
 - (iii) to return to his/her current or another course of academic study; and
 - (b) his/her ability to meet:
 - (i) the reasonable academic requirements of the course or programme; and
 - (ii) the reasonable social and behavioural requirements of a student member (whether resident in college or not) without his/her physical, mental, emotional or psychological health or state having an unacceptably deleterious impact upon the health, safety and/or welfare of the student and/or other students and/or University or college staff (notwithstanding adjustments required by law).²
- 12. The stages of the Fitness to Study Procedure shall be as follows:

1. Stage 1- Informal Action by the College

1.1

- (a) Concerns about a student's fitness to study can arise in a number of situations. Tutors, members of the Welfare Team, the Principal and Deputy Principal of the Postmasters, other students, and/or members of college staff may observe behaviour that suggests that a student's medical, psychological, or emotional problems are compromising his or her fitness to study.

² <http://www.admin.ox.ac.uk/statutes/787-121.shtml>

- (b) Any member of college who has such concerns is encouraged to consult a member of the Welfare Team. The Welfare Team will consult about appropriate action, and may make discreet enquiries about the student's behaviour and academic performance. If the risk is deemed less severe, the Welfare Team may initially direct the student toward appropriate forms of support.

1.2

- (a) Should preliminary action in terms of support and guidance be unsuccessful, the Chaplain, along with the student's Director of Studies or College Advisor if deemed appropriate in consultation with the Chaplain, shall approach the student and explain, in a supportive and understanding manner, that concerns about their fitness to study have emerged. In the case of a student with a disability, a support worker from the Disability Advisory Service may be involved in this meeting.
- (b) The student shall be made aware of the precise nature and causes of these concerns. The student shall be given the opportunity to explain his or her own views on the matter, and be encouraged to think about using one or more of the support services offered by the University. It may also be appropriate to look into the possibility of applying academic arrangements or support to enable the student to study effectively, including making reasonable adjustments in the case of a student with a disability.
- (c) At this stage the Senior Tutor shall be informed, if not already aware, that there are concerns about the student's fitness to study.

1.3

It is hoped that in most cases issues can be resolved at this level, and that the student will respond positively, co-operating fully with the process and taking advantage of the support available. It may be necessary to obtain independent corroboration as to whether support offered is being taken up. The responsibility for providing this evidence shall lie with the student.

1.4

- (a) A review period shall be determined by agreement between the Welfare Team, the Senior Tutor, and the student during which clear, observable and measurable goals for change shall be set. This review period will allow the student to seek advice and support from any appropriate services.
- (b) At the end of this period a meeting shall be held to discuss any steps taken by the student to address the concerns. If the concerns have been addressed satisfactorily, this will be noted.
- (c) Further meetings may be scheduled to continue to monitor the situation/progress and help ensure that continued support is provided to the student to enable them to study effectively. If, however, the concerns have not been addressed, a further review period may be agreed, or the case shall move to the next stage of the procedure.

1.5

- (a) The informal discussions, advice and any undertakings made by the College or University and/or the student shall be documented for the benefit of the College, the University and the student, but shall be kept confidential. Copies of documents are to be kept by the Welfare Team.
- (b) A letter setting out what has been agreed shall be given to the student.

1.6

If a student is unable or unwilling to co-operate with the above process or modify their behaviour, they shall be informed that more formal action under Stage 2 of this procedure may be considered appropriate.

2. Stage 2 - Case Review Group

2.1

- (a) If the action taken under Stage 1 has not been successful or if it is felt that the case is too serious to be dealt with informally, Stage 2 of the procedure may be invoked.
- (b)
 - (i) A meeting of a Case Review Group shall be convened by the Senior Tutor, made up of the Chaplain, the student's Director of Studies or College Advisor and the Senior Tutor and to include if appropriate the Supervisor in the case of Graduates or Course Director if there is no Supervisor.
 - (ii) A representative from the Disability Advisory Service, or the College's designated link to the Counselling Services, may also attend for information and advice if felt appropriate by the Senior Tutor and the Case Review Group may consult with the College Nurse if it considers it appropriate.
- (c) In both stage 2 and stage 3 processes the Senior Tutor shall be the point of contact with the student and with all other agencies and individuals. He or she shall keep records of the whole process. The Senior Tutor shall appoint a deputy if unavailable to act at any stage.

2.2

- (a)
 - (i) Before the meeting, a medical assessment may be sought from the College Doctors or another qualified practitioner familiar with the Oxford University system and the spectrum of student difficulties.
 - (ii) The student shall be encouraged to consent to this, as it will ultimately enable the College to address the student's difficulties in the most effective manner possible and make an accurate assessment of risk.
- (b) The medical assessment is to be used to determine the following matters:
 - (i) the nature and extent of any medical condition from which the student may be suffering;
 - (ii) the student's prognosis;
 - (iii) the extent to which it may affect his/her fitness to study and manage the demands of student life;
 - (iv) any impact it may have on or risk it may pose to others;
 - (v) whether any additional steps could be taken by the College, in light of the medical condition, to enable the student to study effectively;

- (vi) whether the student will be receiving any ongoing medical treatment or support;
- (vii) whether the condition might be viewed as a disability within the terms of the Equality Act 2010.

2.3

- (a)
 - (i) The student shall be encouraged to authorise full disclosure of the results of any medical examination to the College of aspects relevant to study.
 - (ii) The College recognises that any such information disclosed will constitute 'special category data' for the purposes of the UK General Data Protection Regulation, and it shall be handled, processed and stored accordingly.
- (b) Information received at Stage 2 may also be used in the Stage 3 of this procedure.
- (c)
 - (i) Should the student refuse to undertake a medical examination, or disclose results, the College may continue this procedure based on the information already in its possession.
 - (ii) Should the student wish to furnish medical evidence from a practitioner of the student's own choosing, the College shall require that this evidence is reviewed by the College Doctor or another qualified practitioner.

2.4

- (a) The student shall normally be given at least 5 working days' notice of the convening of a Case Review Group meeting and informed of the purpose of the meeting. This period may be shortened in urgent situations on the advice of the Welfare Team.
- (b) The student shall also be provided with any documents that will be considered by the Group, and asked to provide any documentation he or she may wish the Group to consider, in good time for the meeting.

2.5

- (a)
 - (i) The student shall have the right to attend the Case Review Group meeting and may be accompanied at the meeting by an Oxford SU sabbatical officer, a fellow student, one of the Merton Junior Deans for Welfare, or another current member of the University as an advisor.
 - (ii) A parent shall not normally be allowed to attend as an advisor, except at the College's discretion.
 - (iii) In addition, a designated support worker, if required, may accompany disabled students.
- (b) The student shall notify the Senior Tutor at least 24 hours in advance of the meeting if they are to be accompanied and by whom.

2.6

The purpose of the meeting shall be to ensure that:

- the student is made fully aware of the nature of the concerns that have been raised;
- the student's views are heard and taken account of and the best way to proceed is agreed upon;
- the student is fully aware of the possible outcomes if difficulties remain.

2.7

The Case Review Group shall order its proceedings at its own discretion and may call witnesses, including University Student Support Services staff working with the student, and institute enquiries to assist its deliberations.

2.8

The Case Review Group may make one of the decisions (a) to (e) below:

- (a) That no further action is required.
- (b) To formally monitor the student's progress for a specified period of time.
 - (i) In this case an action plan shall be agreed with the student, outlining any steps, which the student will need to take, and/or any support to be provided to the student, to address the concerns identified.
 - (ii) Regular review meetings with the student shall be arranged with a nominated member of College staff, to ensure that the action plan is being appropriately followed and/or that reasonable support to enable the student to study effectively is being provided.
 - (iii) The student shall be informed of the consequences of any breaches of the action plan, which will normally involve their fitness to study being considered at Stage 3.
- (c) To recommend that special academic arrangements or support are put in place.
 - (i) Such recommendations shall be agreed with the student's department and by the student and approved by the relevant University authority.
 - (ii) The student shall be informed that unless these arrangements remedy the concerns to the College's satisfaction, their fitness to study may be considered at Stage 3 of these procedures.
- (d) With the consent of the student, to agree that their studies be suspended for a period of time with appropriate application to the relevant University authority.
- (e) To refer the case to the Warden, to be considered under Stage 3 of this procedure.

This decision will only be appropriate in the most serious of cases, where for example evidence of a serious risk to either the health and safety of the student or others has been identified, and it is thought that the student's suspension of study or banning or medical withdrawal may be the appropriate course of action, or where a particular course of action has

been recommended but the student does not agree.

2.9

- (a) The decision of the Case Review Group, together with a concise record of the meeting, shall be sent to the student as soon as possible and no later than 5 working days from the date of the meeting, and a copy kept on the student's personal file.
- (b) A copy of this documentation shall also be sent to the student's faculty or department where relevant.

3. Stage 3 – Fitness to Study Panel

3.1

Stage 3 of the procedure shall only be implemented:

- (a) following a referral from a Stage 2 Case Review Group, or
- (b) if in the opinion of the Senior Tutor (having consulted as appropriate) initial concerns have been raised which are sufficiently serious as to warrant the consideration of the student's suspension of studies or banning or medical withdrawal (including, but not limited to, if the student poses a potential threat to the health and safety of him- or herself or others, or to the efficient working of the institution).

3.2

- (a) The Warden shall have the power to temporarily ban the student from the College pending further action.
- (b) If the Warden is not available, the Sub-Warden or (in the absence of the Sub-Warden) a Bursar may act on his or her behalf.

3.3

A Panel shall be convened in accordance with these procedures.

3.4

At any point in Stage 3 where the case concerns a graduate, the Panel may suspend its procedures and refer the case to the University Fitness to Study Panel.

3.5

The Chair shall fix a date for a meeting of the Panel to hear the case and shall invite the student to attend to discuss the concerns and all relevant issues.

3.6

- (a) Whenever possible the student shall be given at least 5 working days' notice of the meeting of the Panel. This period may be shortened in urgent situations on the advice of the Welfare Team.
- (b) The student shall be informed of the purpose of the hearing.
- (c) The student shall also be provided with any documents to be considered at the meeting and asked to provide any documentation he or she may wish the Panel to consider, in good time for the meeting.

3.7

- (a) The student may be accompanied at the meeting by an Oxford SU sabbatical officer, a fellow student, a member of the Welfare Team other than the Chaplain, or another current member of the University as an advisor. Disabled students may also be accompanied by a support worker where required.
- (b) The student shall notify the Senior Tutor at least 24 hours in advance of the meeting if they are to be accompanied and by whom.
- (c) A parent shall not be allowed to attend as advisor except at the discretion of the Panel.
- (d) The student may make oral representations at the meeting.

3.8

- (a) The purpose of the meeting shall be to consider the evidence available, including the student's perception of these concerns, in order:
 - (i) to determine whether the objectives of stage 2 have been met by the student;
 - (ii) to determine whether the College has put in place reasonable adjustments to enable the student to continue to study.
- (b) If the matter has not been considered at stage 2 because of the severity of the situation, the Panel may also take any actions which would otherwise have been considered at Stage 2.

3.9

- (a) The Panel shall regulate its proceedings as it thinks fit and may call witnesses and institute enquiries to assist its deliberations, and may request further medical assessments of the student's fitness to study.
- (b) It shall also consider any previous assessments of the student's fitness to study.
- (c) The Chair shall ensure that all parties have access to all documents.

3.10

- (a) The Chair shall obtain a collective decision from members of the Panel.
- (b) The decision may include one or more of the following:
 - (i) To formally monitor the student's progress for a specified period of time.
 - (a) In this case the Panel shall provide the student with an agreed action plan, outlining any steps which the student will need to take and/or any support to be provided to the student to address the concerns identified.
 - (b) Regular review meetings with the student are to be arranged with a nominated member of staff (to ensure that the action plan is being appropriately followed and/or that reasonable support to enable the student to study effectively is being provided).

- (c) The student shall be informed of the consequences of any breaches of the action plan.
- (ii) That, following consultation with the academic Department, and subject to the approval of the relevant University authority, special academic arrangements are to be put in place - or an interruption of studies is to be agreed. The student shall be informed of the consequences should these arrangements fail to remedy to the College's satisfaction the concerns identified.
- (iii) To recommend that the College exercises its statutory power to require the student to suspend or to ban the student or to require his or her medical withdrawal.
- (iv) Any other action considered to be appropriate and proportionate.
- (d) Any decision regarding suspension, banning or medical withdrawal shall be communicated by the Senior Tutor to the University and to any support services who have been involved with the student.

3.11

- (a) The student shall be notified by the Chair of the decision, with reasons, as soon as possible and no later than 10 working days of the meeting of the Panel.
- (b) Communication of the decision to the Junior Member shall normally be undertaken in person in the Warden's Office and shall be immediately confirmed in writing.
- (c) Support shall normally be made available to the student at the time, preferably from a member of the Welfare Team or the student's Director of Studies or College Advisor.

3.12

If the student does not agree with the decision the Panel may choose:

- (a) to refer to the University's Fitness to Study Panel for a recommendation on how to proceed, or
- (b) to stand by its decision based on the information gathered during this and preceding levels of intervention.

3.13

If the student is dissatisfied with the decision, he or she may seek a review. The process to be followed is set out below.

4. Return to Study

4.1

- (a) After a suspension of study following a decision of the Case Review Group or the Panel, the student may make a request to the College for permission to return to the course.
- (b) The Senior Tutor, in consultation with the Welfare Team and relevant medical professionals (including but not limited to the College Doctors), shall identify the issues of concern that the College may have in respect

of the student's fitness to study.

- (c) The Senior Tutor shall also contact the relevant medical professional for an assessment of the student's ability to manage the demands of returning to studying at Oxford University, drawing attention to the nature and extent of the student's previous problems and the College's concerns about them.

4.2

The student shall be permitted to return only if, after receiving medical or other specialist advice about the likely impact of the student's condition on his or her fitness to study, the Panel is satisfied that the student is fit to study and able to comply with any conditions imposed on their return.

4.3

- (a)
 - (i) In cases where the College has any continuing concerns about the individual's fitness to study, it may require a second medical or specialist opinion.
 - (ii) In this case a student may be asked to submit themselves for medical examinations by doctors or other specialists, including the College Doctor or a consultant, nominated by the College, at the College's expense to allow the situation to be properly evaluated.
- (b)
 - (i) In any case where a student has been permitted to return to study following the implementation of the Fitness to Study procedure, the College shall hold an initial meeting with the student to discuss what support measures need to be put into place for the student's return and establish a return to study plan.
 - (ii) This initial meeting shall include the student's Director of Studies or College Advisor; the Senior Tutor; a member of the Welfare Team; where applicable, a member of the Disability Advisory Service, and, in the case of graduates, shall take advice from supervisors and taught-course tutors.
 - (iii)
 - (a) At this initial meeting it may be decided that there should be regular review meetings with the student that can be used to monitor and support a return to study plan. If so, the student must provide their continued cooperation in this respect and such review meetings may continue for part or all of their remaining time at College.
 - (b) There should be a written record of what is agreed for the return to study plan and a copy given to the student. The Senior Tutor should ensure that, where appropriate, a copy of the plan is sent to the relevant support agencies, who have agreed to help implement the plan and that any necessary support from agencies external to the College is put in place.
 - (c) The Senior Tutor should make arrangements for monitoring that the support plan is being delivered and accepted.

Review process

13.

- (a) If the student is not satisfied with any decision made in accordance with the College's Suspension of Study or Fitness to Study Procedures, then he or she shall have the right to seek a review which shall be conducted by the College's Appeals Panel.
- (b)
 - (i) In Fitness to Study cases the Appeals Panel shall be chaired by the Warden or another member of the Governing Body nominated by the Warden with four other members of the Governing Body, of whom at least two are Tutors. The Appeals Panel shall include both male and female members.
 - (ii) The Members of the Fitness to Study Panel shall not be members of the Appeals Panel (although members of the pool from whom the Panel was drawn may be included on the Appeals Panel). The student's tutors and any other interested persons shall not be included in the Appeals Panel.
 - (iii) In the absence of the Warden there shall be five members of the Appeals Panel who will appoint one among their number to act as chair.
 - (iv) The Appeals Panel may regulate its proceedings as it sees fit.
 - (v) The Chair of the Appeals Panel shall have the power whether on application by the Junior Member or the Chair of the Fitness to Study Panel or without such an application to extend any time-limit imposed by this Bylaw where it seems expedient to do so (such as to take account of periods when the College will be closed).

14.

- (a) The student shall set out the case for review in writing to the Chair of the Appeals Panel within five working days of the communication of the Fitness to Study Panel's decision. The student's case shall set out any alleged procedural unfairness or failures in the reasoning underlying the decision in question.
- (b) The Chair of the Appeals Panel shall copy the student's appeal to the Chair of the Fitness to Study Panel or the Senior Tutor, as the case may be, who shall respond in writing to the Chair of the Appeals Panel within five working days. The Chair of the Appeals Panel shall then copy that response to the student.

15.

- (a) The Chair of the Appeals Panel shall convene a meeting of the Appeals Panel giving the student at least five working days' notice of such meeting, unless the student agrees to shorter notice being given.
- (b) The student shall be told in writing of the time and venue of the meeting.

16.

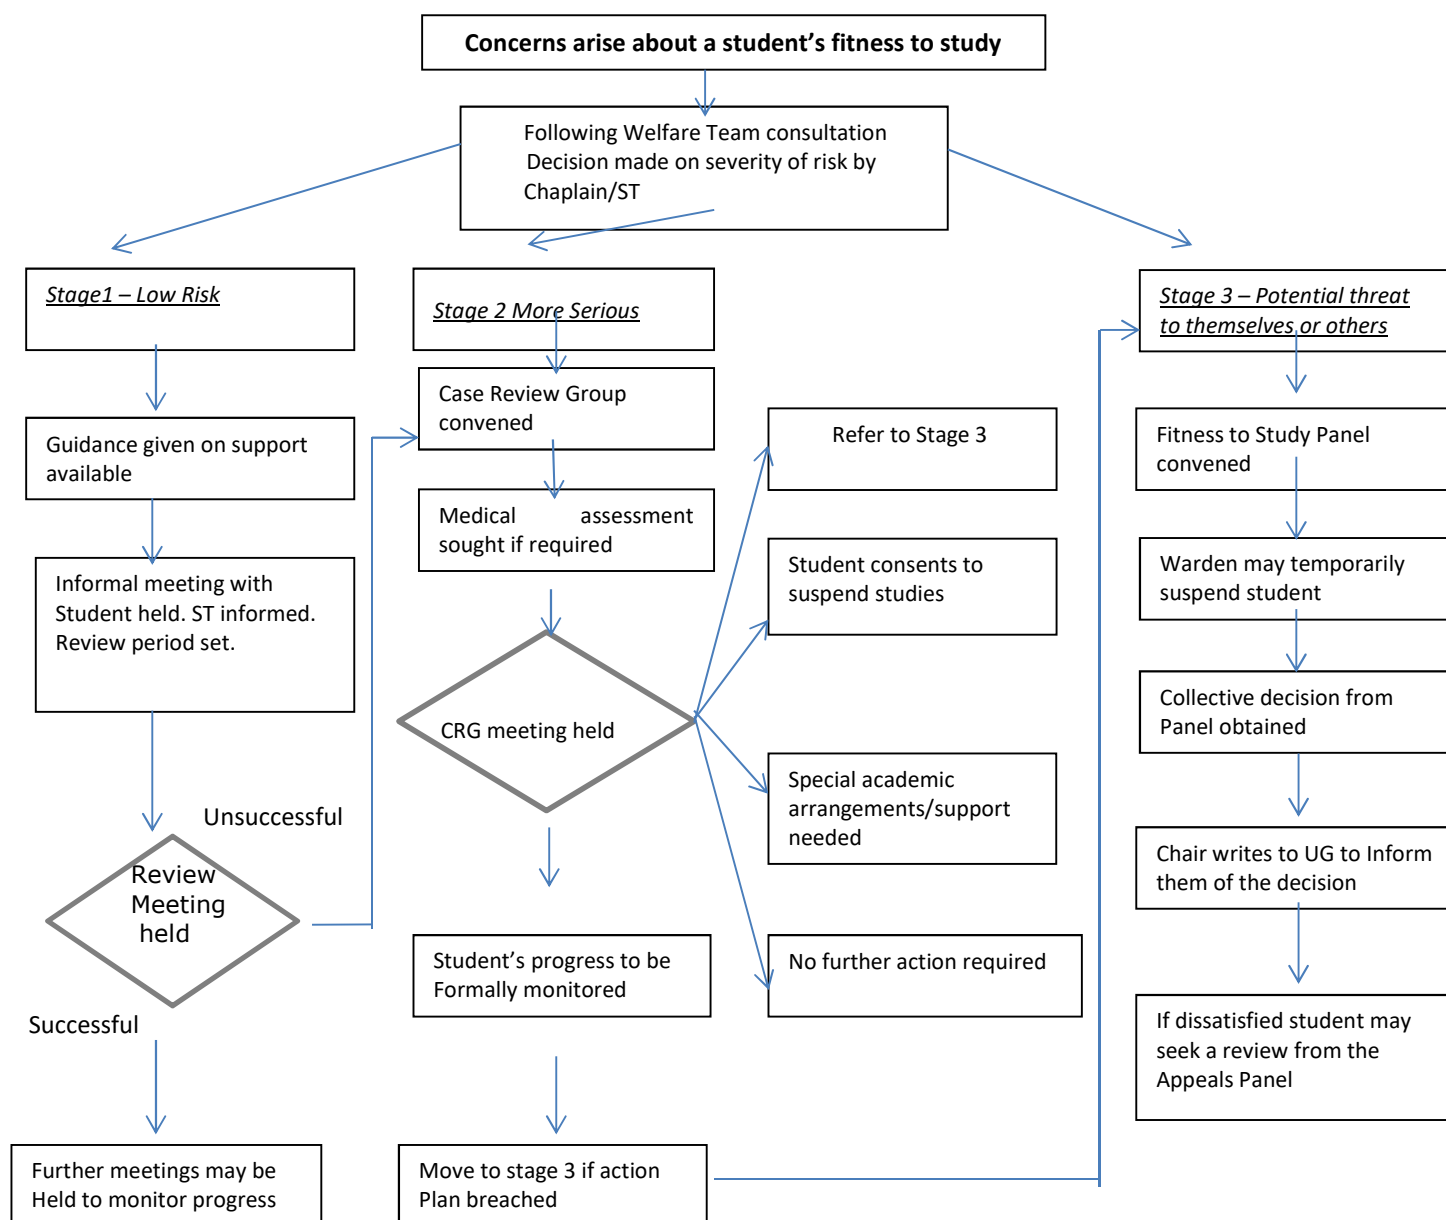

- (a) Without prejudice to the Appeals Panel's right to regulate its proceedings, the following procedure shall normally be adopted:
- (b) The Appeals Panel shall consider the basis of the student's appeal and the response of the Chair of the Fitness to Study Panel or Senior Tutor, as the case may be.

- (c)
 - (i) The student may be accompanied at the meeting by an Oxford SU sabbatical officer, a fellow student, a member of the Welfare Team other than the Chaplain, or another current member of the University as an advisor.
 - (ii) Disabled students may also be accompanied by a support worker where required.
 - (iii) A parent will not be allowed to attend as advisor except at the discretion of the Panel.
 - (iv) The student should notify the Chair of the Appeals Panel at least 24 hours in advance of the meeting if they are to be accompanied and by whom.
 - (v) The student may make oral representations at the meeting.
 - (d) In the event that the student does not attend the hearing, the Appeals Panel may proceed in his or her absence.
 - (e) The Appeals Panel can confirm or amend the decision of the Fitness to Study Panel in question and shall issue its decision in writing.
- 17.
- (a) The College's procedures with regard to the matter shall be complete when the Appeals Panel's decision has been issued.
 - (b) Should the student remain dissatisfied, the matter may be taken to the Office of the Independent Adjudicator for Higher Education (see <http://www.oiahe.org.uk/>). Application forms and guidance notes shall be made available from the Academic Office.

MERTON COLLEGE EMPLOYER JUSTIFIED RETIREMENT AGE POLICY

This Policy was adopted by the Governing Body on 12 March 2012.

It was extended by the Governing Body on 23 June 2014.

It was amended by the Governing Body (in relation to the applicable age only) on 31 October 2018.

Part One – Background, rationale and scope of the Employer Justified Retirement Age (EJRA)

1. Introduction

Merton College has agreed to maintain a retirement age for academic staff, the Warden and some of its senior college officers (to include the Senior Tutor, the Librarian, the Chaplain, the Development Director, the Finance Bursar, the Domestic Bursar and the Land Agent & Estates Bursar) primarily to support the College's mission to sustain excellence in teaching and research and to maintain and develop with the help of efficient administration its historical position as part of a world-class university. The college's EJRA procedures aim to provide a fair and inclusive process through which the college is able to manage the future of academic and key administrative posts by retirement or retention. The procedures seek to balance the wishes of the individual with the needs of the college by:

1. facilitating the timely discussion of options with a view to identifying possible future arrangements which are acceptable to all parties and
2. providing a clear decision-making and appeal process which allows account to be taken of all relevant considerations.

The EJRA will operate for an initial period of 10 years from 1 October 2011. The application and outcomes of these arrangements will be reported annually to the Governing Body and will be subject to an interim review after five years. These reviews will take into account all relevant considerations, including the continued relevance of the aims set out above to the group of staff to whom the EJRA applies, the application of the EJRA and the procedure for exceptional limited continuation, as well as relevant external developments in relation, for example, to pensions and longevity. A review of the policy in 2014 led to its extension of the EJRA to the Warden and selected senior college officers.

2. Aims of the EJRA

The EJRA and its associated procedures are considered to provide a proportionate means of:

- safeguarding the high standards of the college in teaching, ~~and~~ research and professional services;
- promoting inter-generational fairness and maintaining opportunities for career progression for those at particular stages of a career, given the importance of having available opportunities for progression across the generations, in order, in particular, to refresh the academic, ~~and~~ research and other professional workforce within the college and to enable them to maintain the collegiate university's position on the international stage;
- facilitating succession planning by maintaining predictable retirement dates, especially in relation to the collegiate University's joint appointment system, given the long lead times for making academic and other professional appointments, particularly in a university of Oxford's international standing;

- promoting equality and diversity, noting that recent recruits are more diverse than the composition of the existing workforce, especially amongst the older age groups of the existing workforce and those who have recently retired
- minimising the impact on staff morale by using a predictable retirement date to manage the need to make efficiencies by retiring staff at the EJRA; and
- in the context of the distinctive collegial processes through which the college is governed, avoiding invidious performance management and redundancy procedures to consider the termination of employment at the end of a long career, where the performance of the individual and/or the academic and other professional needs of the college have changed.
- facilitating flexibility through turnover in the workforce, especially at a time of headcount restraint, to respond to the changing business needs of the college, whether in administration, IT, the libraries, or other professional areas.
- securing active leadership as Head of House from those who have already distinguished themselves in their careers.

3. Scope

The EJRA established by Merton College is 30th September preceding the employee's 69th birthday. The EJRA applies to all academic staff employed by Merton College, including (in relation to their college appointments) the holders of joint academic appointments with Oxford University. From 1 October 2014 it also applies to the Warden and selected senior college officers (including the Senior Tutor, the Librarian, the Chaplain, the Finance Bursar, the Domestic Bursar and the Estates Bursar).

In cases where, under the college's procedures applying until 30 September 2011, a member of staff has a retirement date set by individual agreement to be other than 30 September preceding the 69th birthday, the retirement date specified in the agreement will continue to apply. Where the specified date is earlier than the EJRA, any request to work beyond the specified date should be referred to the Warden under this procedure and the merits of each case will be considered in the context of the rationale for the original extension.

Unless the terms of any prior agreement to work beyond the EJRA preclude any further extension of employment, a member of staff whose retirement has been set later than the EJRA may apply for a further extension under the procedures set out below.

No provision associated with the EJRA shall affect the right of any employee of the college to retire at a date earlier than that specified under the EJRA, or the benefits to which they are entitled under the relevant pension scheme.

The procedure set out in part two is intended for the consideration of all requests to continue working beyond the EJRA, including those that entail a modification of duties or working pattern after that date.

4. Consideration of requests to work beyond the EJRA

All requests to continue working beyond the EJRA will be considered in the context of the aims of the college in maintaining the EJRA as set out in section 2 above. Applications will be approved only where, having taken account of the considerations set out below, the Governing Body, having received advice from a college panel is convinced that any detriment to the furtherance of aims of the EJRA is offset by a balance of advantage arising from an extension of employment.

The college panel and subsequently the Governing Body as decision maker will weigh the advantages of continued employment (whether in the same post, or in only one part of a previous appointment, or on different terms and conditions, or on a part-time basis

following partial retirement to pension) against the opportunities arising from creating a vacancy or part-vacancy, including the intention of recruiting someone else, using the vacancy for a different purpose, or leaving the post vacant for a period (whichever may apply).

In all cases, the panel will bear in mind that all staff are expected to carry out their roles to a high standard. In the case of academic and research staff, this includes distinguished scholarship and research; senior academic and research staff will often be world-leaders in their field. Given the high standards of scholarship and research prevalent in the University, distinguished scholarship does not, in itself, necessarily constitute an exceptional contribution.

The list below outlines the type of matters that the panel will usually take into account in making their decision. They are not 'criteria'; some will be of more importance in particular cases than others and in many cases some of these considerations will be of little or no relevance and other issues will be pertinent.

1. Would the employee's contribution be unusually hard to replace given his or her particular skills set and/or the employment market? For example, does the college need, for a defined period, to retain expertise in order to complete a specific project, or to retain skills that are currently in short supply?
2. What is the likely impact of continued employment compared with the opportunity arising from a vacancy on opportunities for career development and succession planning, bearing in mind recent and expected turnover?
3. How would continued employment, compared with the opportunity arising (if relevant) from a vacancy, fit with the future academic and business needs of the college over the proposed period, for example in relation to?:
 - i. an identified need to develop a new field of research or a new course, or to develop new business systems or approaches;
 - ii. the college's ability to respond to student needs;
 - iii. the provision of professional and administrative services of the highest quality; or,
 - iv. any exceptional contribution to the collegiate University the employee is expected to make, for example through unusually distinguished scholarship, such that the loss of that contribution would be unacceptable to the collegiate University?
4. How would any financial commitments or benefits which would accrue from a continued employment over the period proposed compare with those which might accrue from the opportunity arising from a vacancy?
5. What is the likely impact on the promotion of diversity?
6. Is the duration of the proposed extension of employment appropriate in terms of the benefits expected to the college?
7. In the case of a joint appointment, what are the implications of the wishes of the applicant for the joint nature of the post: for example, where the request involves only one part of a joint appointment, has some suitable means been

found of managing the future of the joint appointment so as to protect the shared educational interests of the University and colleges?

8. Are there relevant personal circumstances that would properly justify exceptional treatment?

Part Two - The Process

(a) Notification and Discussions

The college has adopted the following procedure for considering requests from academic staff who are due to retire on or after reaching the EJRA but who wish to extend their employment and are not precluded from so doing under the terms of any individual agreement.

Step One – Notification

The Warden will remind academic staff and officers in writing of their normal retirement date and of the process for requesting continuation in employment beyond that date no later than two years before their retirement date under the EJRA. (The Sub Warden takes the role of the Warden with respect to the Warden's retirement date.) In the case of joint appointments, this notification will be copied to the relevant head of division and the head of division will also send a letter to the member of staff with reference to their university employment. Where it judges it necessary, the college may decide to give earlier notification, for example, if it is considered advisable to initiate early discussion with a view to more effective planning for retirement.¹

Step Two – Discussions

Any member of academic staff ~~member~~ who wishes to continue in employment beyond the EJRA should first discuss his/her situation informally and in good time with his/her Senior Tutor. College officers and the Warden should discuss this first with the Sub Warden.

Holders of joint appointments should also consult their head of department and/or division. Similarly, where a contract of any type is held with another body, such as an NHS trust or another college, that other body should also be consulted.

Early exploration of all options is encouraged. In the case of joint appointments, it is possible that the staff member may wish to continue working in only one part of the joint appointment, or one employer might wish to agree continued employment while the other does not.

When an application for a period of extended employment is being considered, flexibility in the continuation or variation of contracts should be encouraged, subject to the aims of the EJRA. In this context, a staff member or Warden wishing to continue to work might wish to consider a variation or a new contract issued by one employer that would be compatible with retirement from the other part(s) of the joint employment. In such

cases, the employers will wish to discuss how their respective interests in the future of the substantive joint appointment should be protected.

These informal discussions, which may take place at any time, will not result in a definitive decision by the college but may help inform any formal request which might subsequently be made by the individual. Such discussions are intended to provide opportunity for the formulation of a request with which all parties will be content.

(b) Submission and consideration of the request to continue

Step Three – Request to Continue

If the member of academic staff wishes to continue in employment beyond the EJRA, they should submit their case in writing to the Senior Tutor in good time, setting out the proposed working arrangements and the length of extension requested. In the same situation college officers or the Warden should write to the Sub Warden.

The request to continue working in a college appointment, or in the college part of a joint university and college appointment, beyond the EJRA should be submitted formally in writing, by the Senior Tutor for academic staff and by the Sub Warden for college officers to the Warden as part of an agreed submission. Such a request should be submitted to a specially appointed Honorary or Emeritus Fellow [such as the Chair of the Committee on Stipends and Allowances] by the Sub Warden for the Warden. Any request relating to the university part of a joint appointment should be made to the Director of Personnel and Related Services, in accordance with the university's procedures. The submission should consist of, and set out clearly:

- a) the request as made by the employee, including the proposed working arrangements and the length of extension requested;
- b) an account, agreed where possible, of how the request relates to the considerations for extensions set out in the college's policy;
- c) the view of the submitting Senior Tutor or Sub Warden; and
- d) in the case of joint appointments, the views of the division and any other associated employers (e.g. the NHS or another college), including, in particular, comment on any special arrangement which would result in the parts of the joint appointment being treated differently. If, in the case of a joint appointment, a decision has already been made with regard to the university employment, the outcome of this should be included.

The employee should be invited to append to the submission any supporting material he or she may consider appropriate.

The normal deadline for such requests to reach the Chair of the EJRA Panel (that is the Warden respectively the specially appointed Honorary or Emeritus Fellow in case of the Warden's request) is 18 Months before the retirement date. Later requests may be considered in exceptional circumstances but only with the agreement of the relevant employers (e.g. division, department, NHS Trust), as well as the chair of the EJRA Panel².

Step Four – Consideration of request

All requests to continue in employment by the college beyond the EJRA, will be considered by the EJRA Panel, which will consist of the chair as specified in Step Three as well as one of the Professorial Fellows and one of the attending Tutorial Fellows of the Committee on Stipends and Allowances

The panel will assess each request on its own merits in the context of the aims of the EJRA as set out above, and in the light of any exceptional personal circumstances. In the case of the consideration of joint appointments, the chair of the panel will liaise with the chair of the equivalent university panel over matters of process, including the relative timings of the work of the two panels and the communication between the panels of their decisions, as may best suit the individual case and allow for issues relating to the joint nature of the post to be addressed.

The panel will consider the request in the light of the aims of the EJRA, taking due account where relevant the considerations, set out in section 4 above, taking due account of the views of the individual staff member, the college, and any others with an interest, which may include the division, department, another college or an NHS Trust, as appropriate. The panel will seek any clarification it deems necessary.

Where the college and, in the case of a joint appointment, all parties representing the employers support the request to continue beyond the EJRA, the expectation is that the panel will approve that request after having satisfied itself that the aims of the EJRA have been sufficiently addressed.

Where the college does not support the request for an extension, or, in the case of a joint appointment, where there is a difference of views between the employers, the panel will invite the employee to a meeting to make his/her request for an extension in person, if they so choose. The college will also be able to present their case and the panel may also call upon the division, department and any other parties as appropriate. Relevant documentation will be provided to all the parties in advance of the date of any meeting of the panel arranged to address the request. The employee will have the right to be accompanied by a trade union representative or a colleague.

Step Five: The panel makes a recommendation

The panel will make a recommendation to the Governing Body on the request for extension of employment including the length of time of any such extension.

Step Six : Communication

The panel will inform the individual and, as relevant, the division, the department, and any other employer of its recommendation in writing. The letter will give brief reasons for the recommendation and the length of any extension proposed.

Step Seven: College makes decision

The Governing Body will then decide whether to accept the panel's recommendation and will notify the individual, division and department, as relevant, of its decision.

Sufficient members of the Governing Body will refrain from participating in the decision so that they are able to act in an appeal, if required.

Where the request to continue working beyond the EJRA is rejected, the individual will be notified in writing of the right of appeal.

Where a decision is taken to extend employment under these procedures beyond the EJRA, the employee will be issued with a fixed-term contract, to terminate at the date set by the Governing Body in agreeing to the extension. This contract will state the details of the specific hours, duties, salary and other terms and conditions for the extension. On any occasion when the Governing Body shall agree an extension to the period of employment in accordance with this procedure, it shall decide whether to permit any further application to be made under this procedure. If so, it shall decide whether any further notification is necessary equivalent to that set out in step 1 above and set an appropriate time limit in place of that set out in step 3 above by which any application shall be made for a further extension.

Step Eight: Appeal

The college shall make arrangements to hear any appeal against a decision made under step 7. For this purpose, the process followed will be that set out in Statute VIII, Part V.³ with the following changes to Section 29. Normally, the appeal will be heard by the chair of the Committee on Stipends and Allowances together with one of the Professorial Fellows and one of the attending Tutorial Fellows of the same committee bearing in mind that the body hearing the appeal must be separate from the body making the decision. The chair shall inform the college, the employee and any other employer, as relevant, of this decision. In case of the Warden bringing forward the appeal an Honorary Fellow specially appointed shall replace the chair of the Committee on Stipends and Allowances.

CP 15.3.12
amended UT 06.06.14

3 In the proposed new set of statutes this is Statute 9, Part V.

 - 3.1.3. all relevant information security requirements of the College are covered in agreements with any third-party partners or suppliers, and compliance against these is monitored;
 - 3.1.4. appropriate information security controls are implemented to protect all IT facilities, technologies, and services used to access, process and store the College's information;
 - 3.1.5. all information security incidents are reported in a timely manner via appropriate internal channels, information systems are isolated, and incidents properly investigated and managed;
 - 3.1.6. Information Asset Owners are identified for all the College's information assets, assets are classified according to how critical and sensitive they are, and rules for their use are in place; and
 - 3.1.7. information security controls are monitored to ensure they are adequate and effective.
- 3.2. To provide the foundation of a pragmatic information security framework, the College will implement a set of minimum information security controls as set out in College regulations and the College's handbooks (to be known as 'the Baseline').

- 3.3. Where research, regulatory or national requirements exceed the Baseline, controls will be increased at necessary service or project level. Where it is not possible or practicable to meet the Baseline, exceptions will be documented to justify the deviation and appropriate compensating controls will be put in place. The Baseline will support the College in achieving its information security objectives.

5. Review and Development

This Policy, and supporting ISPF documentation, shall be reviewed and updated annually by the Finance Bursar, the Domestic Bursar, and the Data Protection Officer and approved by the Governing Body after review by the Finance Committee and the Statutes and Bylaws Committee to ensure that they **remain operationally fit for purpose; reflect changes in technologies; are aligned to relevant best practice; and support continued regulatory, contractual and legal compliance.**

MERTON COLLEGE DATA PROTECTION POLICY

1. Approval and binding effect

- 1.1. The following Policy was **approved** by the Governing Body of Merton College ("the College") on Wednesday, 3rd October 2018.
- 1.2. Any amendments to the Policy require the Governing Body's approval. The Governing Body approved amendments to this Policy on 21 March 2021 and 19 June 2023.
- 1.3. This Policy is to be reviewed **annually** to ensure any new developments are covered and protected.
- 1.4. All members of the College and all employees or other staff of the College are bound by these Regulations and **must** comply with them. For the avoidance of doubt any reference to employees or staff shall include permanent, temporary, contract and other support staff as applicable ; and "members" includes both Fellows and Junior Members.
- 1.5. The College regards any breach of data privacy legislation, of this Policy or of any other policies or regulations introduced by the College from time to time to comply with data privacy legislation as a serious matter which may result in disciplinary action. Depending on the nature of the breach, an individual may also find that they are personally liable (for example, it can be a criminal offence for a member of the College to disclose personal information unlawfully).

2. Scope and Purpose

- 2.1. This Policy provides a framework for ensuring that Merton College ("the College") meets its obligations under the UK General Data Protection Regulation (GDPR) and associated legislation¹ ('data privacy legislation').
- 2.2. It applies to all processing of personal data carried out for a College purpose, irrespective of whether the data is processed on non-College equipment or by third parties.
- 2.3. More stringent conditions apply to the processing of special category personal data.
- 2.4. This Policy should be read in conjunction with the accompanying Regulations, which provide further detail on practical application, as well as any other documents that impose confidentiality or data management obligations in respect of information held by the College.
- 2.5. This Policy does not cover the use of personal data by members of the College when acting in a private or non-College capacity.

3. Background

¹ This includes all legislation enacted in the UK in respect of the protection of personal data as well as the Privacy and Electronic Communications (EC Directive) Regulations 2003.

- 3.1. The processing of personal data underpins almost everything the College does. Without it, students cannot be admitted and taught; employees cannot be recruited; living individuals cannot be researched; and events cannot be organised for alumni or visitors. We are responsible for handling people's most personal information. By not handling personal data properly, we could put individuals at risk.
- 3.2. There are also legal, financial and reputational risks for the College. For example:
 - 3.2.1. Reputational damage from a breach may affect public confidence in our ability to handle personal information.
 - 3.2.2. The Information Commissioner's Office ("ICO"), which enforces data privacy legislation, has the power to fine organisations up to £17.5 million or 4% of global annual turnover (whichever is higher) for serious breaches.

4. Principles

- 4.1. The processing of personal data must comply with data privacy legislation and, in particular, the six data privacy principles.
- 4.2. In summary, they require that personal data be:
 - 4.2.1. processed fairly, lawfully and in a transparent manner;
 - 4.2.2. used only for limited, specified stated purposes and not used or disclosed in any way incompatible with those purposes;
 - 4.2.3. adequate, relevant and limited to what is necessary;
 - 4.2.4. accurate and, where necessary, up to date;
 - 4.2.5. not kept for longer than necessary; and
 - 4.2.6. kept safe and secure.
- 4.3. In addition, the accountability principle requires us to be able to evidence compliance with these principles.

5. Aims and Commitments

- 5.1. The College handles a large amount of personal data and takes seriously its responsibilities under data privacy legislation. It recognises that the mishandling of an individual's personal data may cause them distress or put them at risk of identity fraud. As a result, it is committed to:
 - 5.1.1. complying fully with data privacy legislation;
 - 5.1.2. where practicable, adhering to good practice, as issued by the ICO or other appropriate bodies; and

- 5.1.3. handling an individual's personal data in a careful and considerate manner that recognises the importance of such information to their privacy and welfare.
- 5.2. The College seeks to achieve these aims by:
 - 5.2.1. ensuring that employees, students and other individuals who process data for College purposes are made aware of their individual responsibilities under data privacy legislation and how these apply to their areas of work. For example, employment contracts include a clause drawing the attention of the employee to data privacy legislation and the College's Data Protection Policy;
 - 5.2.2. providing suitable training, guidance and advice. The University's online training course on data privacy and information security is available to all members of the University. The online course is supplemented by bespoke on-site training, where appropriate.
 - 5.2.3. incorporating data-privacy requirements into administrative procedures where these involve the processing of personal data, particularly in relation to major information systems (the concept of 'privacy by design');
 - 5.2.4. operating a centrally coordinated procedure (in order to ensure consistency) for the processing of subject access and other rights-based requests made by individuals; and
 - 5.2.5. investigating promptly any suspected breach of data privacy legislation; reporting it, where necessary, to the ICO; and seeking to learn any lessons from the incident in order to reduce the risk of recurrence.

6. Roles and responsibilities

- 6.1. The **Finance Bursar** is accountable to the Governing Body for the management of data privacy risks to the College's members and employees.
- 6.2. The **Finance Committee** has responsibility for overseeing the management of data privacy risks to the College's members and employees.
- 6.3. The **Data Protection Officer** ("DPO") is responsible for monitoring internal compliance, advising on the College's data protection obligations and acting as a point of contact for individuals and the ICO. In addition, the DPO is responsible for:
 - 6.3.1. developing policies and procedures to facilitate the College's compliance with data privacy legislation;
 - 6.3.2. ensuring the availability of guidance and training materials on data privacy legislation and specific compliance issues;
 - 6.3.3. supporting privacy by design and privacy impact assessments;
 - 6.3.4. responding to requests for advice from members and employees of the College;

- 6.3.5. coordinating a College-wide register exercise to capture the full range of processing that is carried out;
 - 6.3.6. complying with subject access and other rights-based requests made by individuals for copies of their personal data;
 - 6.3.7. investigating and responding to complaints regarding data privacy (including requests to cease the processing of personal data); and
 - 6.3.8. keeping records of personal data breaches, notifying the ICO of any significant breaches and responding to any requests that it may make for further information.
- 6.4. **Supervising College Officers and Heads of Department (or equivalent)** are responsible for ensuring that the processing of personal data in their area of supervision or department conforms to the requirements of data privacy legislation and this policy. In particular, they must ensure that:
- 6.4.1. employees, visitors or third parties who are likely to process personal data are aware of their responsibilities under data privacy legislation: this includes but is not limited to drawing the attention of employees, visitors, and third parties to the requirements of this policy, ensuring that employees who have responsibility for handling personal data are provided with adequate training and, where appropriate, ensuring that job and role descriptions for employees or agreements with relevant third parties refer to data privacy responsibilities;
 - 6.4.2. adequate records of processing activities are kept (for example, by undertaking register exercises);
 - 6.4.3. data protection requirements are embedded into systems and processes by adopting a 'privacy by design' approach and undertaking privacy impact assessments where appropriate;
 - 6.4.4. privacy notices are provided where data is collected directly from individuals or where data is used in non-standard ways;
 - 6.4.5. data sharing is conducted in accordance with University guidance;
 - 6.4.6. requests from the DPO for information are complied with promptly;
 - 6.4.7. data privacy risks are considered by supervising College Officers and Heads of Department on a regular basis; and
 - 6.4.8. departmental policies and procedures are adopted where appropriate and implemented.
- 6.5. **Anyone who processes personal data for a College purpose e.g. Fellows, Lecturers, students, other employees and other College members** is individually responsible for complying with data privacy legislation, this policy and any other policy, guidance, procedures, and/or training introduced by the University to comply with data privacy legislation. In summary, they must ensure that they:

- 6.5.1. only use personal data in ways people would expect and for the purposes for which it was collected;
- 6.5.2. use a minimum amount of personal data and only hold it for as long as is strictly necessary;
- 6.5.3. keep personal data up to date;
- 6.5.4. keep personal data secure, in accordance with the College's Information Security Policy and related regulations;
- 6.5.5. do not disclose personal data to unauthorised persons, whether inside or outside the College;
- 6.5.6. complete relevant training as required;
- 6.5.7. report promptly any suspected breaches of data privacy legislation, in accordance with the procedure in section 6 below and the College's Data Protection Breach Regulations, and following any recommended or required next steps;
- 6.5.8. seek advice from the DPO where they are unsure how to comply with data privacy legislation; and
- 6.5.9. promptly respond to any requests from the DPO in connection with subject access and other rights-based requests and complaints (and forward any such requests that are received directly to the DPO promptly).

7. Breaches of data privacy legislation

- 7.1. The College **shall** investigate incidents involving a possible breach of data privacy legislation in order to ensure that, where necessary, appropriate action is taken to mitigate the consequences and prevent a repetition of similar incidents in future. Depending on the nature and severity of the incident, it may also be necessary to notify the individuals affected and/or the ICO. A breach will occur where, for example, personal data is disclosed or made available to unauthorised persons or personal data is used in a way that the individual does not expect.
- 7.2. Where a breach is identified or suspected the College's **Data Protection Breach Regulations** apply and **must** be followed.

8. Further information

Questions about this policy and data privacy matters in general should be directed to the DPO at: dpo@merton.ox.ac.uk.

9. Related policies

This policy **should** be read in conjunction with related policies and regulations, including the **Information Security Policy; Data Protection Breach Regulations; and Regulations relating to the use of Information Technology Facilities.**

10. Review and development

This Policy **shall** be reviewed and updated annually by the Finance Bursar and the DPO to take account of ICO guidance and national legislation and **shall** be approved by the Governing Body after review by the Finance Committee and the Statutes and Bylaws Committee.

- 1.3. These Regulations apply to all personal data held by the College.
- 1.4. All members of the College and all employees or other staff of the College are bound by these Regulations and **must** comply with them. For the avoidance of doubt any reference to employees or staff shall include permanent, temporary, contract and other support staff as applicable ; and "members" includes both Fellows and Junior Members.

2. Definitions

- 2.1. "DPO" means the College's Data Protection Officer.
- 2.2. "GDPR" means the UK General Data Protection Regulation.
- 2.3. "ICO" means the Information Commissioner's Office.
- 2.4. 'MUST' and 'SHALL' mean that the item is an absolute requirement.

'MUST NOT' and 'SHALL NOT' mean that the item is absolutely prohibited.

'SHOULD' means that there may exist valid reasons in particular circumstances not to comply with a particular item, but the full implications must be understood and carefully weighed before choosing a different course.

'SHOULD NOT' means that there may exist valid reasons in particular circumstances when particular behaviour is acceptable or even useful, but the full implications should be understood and the case carefully weighed before implementing any behaviour described with this label.

3. Types of breach

Examples of breaches include (but are not limited to):

- 3.1. Data Breach / Loss/ Theft: physical or digital;
- 3.2. loss or theft of data or equipment on which data is stored ;
- 3.3. inappropriate access controls allowing unauthorised use ;
- 3.4. equipment failure ;
- 3.5. human error ;
- 3.6. unforeseen circumstances such as fire or flood ;

- 3.7. hacking ;
- 3.8. offences where information is obtained by deception.

4. Reporting a breach or suspected breach

- 4.1. Any member of the College who discovers, suspects or receives a report of a breach or suspected breach **must** immediately inform the DPO (or, if the DPO is not available, the Finance Bursar ; or, if the Finance Bursar is not available, the Domestic Bursar) and, where the breach involves information technology, the Head of IT.
- 4.2. Any member of the College's staff who discovers, suspects or receives a report of a breach (or suspected breach) **must** immediately inform the DPO (or, if the DPO is not available, the Finance Bursar ; or, if the Finance Bursar is not available, the Domestic Bursar) and their Head of Department and, where the breach involves information technology, the Head of IT.
- 4.3. Where under the GDPR the College is under a duty to report a data breach to the ICO, this **must** be done within 72 hours of becoming aware of the breach.¹

5. Immediate Containment / Recovery

- 5.1. In a case falling within regulation 4.1:
- 5.1.1. Where the breach involves information technology, the Head of IT **must** ascertain whether the breach is still occurring ; if so, steps **must** be taken immediately to minimise the effect of the breach;²
- 5.1.2. the DPO and (where the breach involves information technology) the Head of IT **must** ensure that appropriate steps are taken quickly to recover any losses and limit the damage.
- 5.2. In a case falling within regulation 4.2:
- 5.2.1. The Head of Department **must** ascertain whether the breach is still occurring. If so, steps **must** be taken immediately to minimise the effect of the breach.³

¹ The following ICO guidance will help the DPO decide whether and how to notify:

- When a personal data breach has occurred, you need to establish the likelihood and severity of the resulting risk to people's rights and freedoms. If it is likely that there will be a risk then you must notify the ICO; if it is unlikely then you do not have to report it. However, if you decide you do not need to report the breach, you need to be able to justify this decision, so you should document it.

- In assessing risk to rights and freedoms, it is important to focus on the potential negative consequences for individuals. Recital 85 of the GDPR explains that: "A personal data breach may, if not addressed in an appropriate and timely manner, result in physical, material or non-material damage to natural persons such as loss of control over their personal data or limitation of their rights, discrimination, identity theft or fraud, financial loss, unauthorised reversal of pseudonymisation, damage to reputation, loss of confidentiality of personal data protected by professional secrecy or any other significant economic or social disadvantage to the natural person concerned."

- This means that a breach can have a range of adverse effects on individuals, which include emotional distress, and physical and material damage. Some personal data breaches will not lead to risks beyond possible inconvenience to those who need the data to do their job. Other breaches can significantly affect individuals whose personal data has been compromised. You need to assess this case by case, looking at all relevant factors.

- If it is decided to report the incident to the ICO, the following link has details on how to do so: <https://ico.org.uk/for-organisations/report-a-breach/>

² E.g. by shutting down a system or alerting relevant staff.

³ E.g. by shutting down a system or alerting relevant staff.

If the breach involves information technology the Head of Department **should** ask for assistance from IT staff.

- 5.2.2. The Head of Department **must** check that the the DPO has been informed and **must** also inform the College Officer with supervisory responsibility for the staff concerned as soon as possible.
- 5.2.3. The DPO and the supervising College Officer, working with the Head of Department, and (where the breach involves information technology) the Head of IT **must** ensure that appropriate steps are taken quickly to recover any losses and limit the damage.
- 5.3. Steps to recover losses and limit damage might include:
 - 5.3.1. Attempting to recover lost equipment ;
 - 5.3.2. Contacting any affected individuals or departments so that they are prepared for any potentially inappropriate enquiries 'phishing' for further information on those concerned ;
 - 5.3.3. Contacting the relevant people so that they can be prepared to handle any press or other enquiries that may result ;
 - 5.3.4. The use of back-ups to restore lost/damaged/stolen data ;
 - 5.3.5. If bank details have been lost/stolen, contacting banks directly for advice on preventing fraudulent use.
- 5.4. If the data breach includes any entry codes or passwords, these codes **must** be changed immediately and all relevant employees and members of the College informed.
- 5.5. The DPO **must** consider whether the police need to be informed. Informing the police would be appropriate where illegal activity is known or is believed to have occurred, or where there is a risk that illegal activity might occur in the future given the nature of information lost.

6. Investigation

- 6.1. The DPO **shall** ensure that the College investigates the breach and ascertains whose data was involved in the breach, the potential effect on the data subject and what further steps need to be taken to remedy the situation.
- 6.2. The investigation **should** involve the Head of IT (where the breach involves information technology) and the relevant Head of Department and/or supervising College Officer.
- 6.3. The investigation **shall** consider: the type of data concerned, its sensitivity, what protections are in place (e.g. encryption), what has happened to the data, whether the data could be put to any illegal or inappropriate use, how many people are affected, what type of people have been affected (the public, suppliers etc.) and whether there are wider consequences to the breach.

- 6.4. The investigation **shall** be completed urgently and wherever possible within 24 hours of the breach being discovered or reported. A further review of the causes of the breach and recommendations for future improvements **must** be done once the matter has been resolved.

7. Informing and recording

- 7.1. If the breach is likely to result in a high risk of adversely affecting individuals' rights and freedoms, the DPO **shall** ensure that the College informs those individuals without undue delay.
- 7.2. The DPO **shall**, after seeking legal advice (where necessary), decide which agencies and which other persons should be notified of the breach. Some people/agencies may need to be notified as part of the initial containment, but the decision will normally be made once an investigation has taken place.
- 7.3. The DPO **shall** liaise with the Estates Bursar & Land Agent about informing the College's insurers.
- 7.4. The DPO **shall** ensure that the College keeps a record of all personal data breaches by reporting them to the Finance Committee (see further paragraph 8.1) and retaining copies of those reports, regardless of whether the College was required to notify data subjects.

8. Evaluation

- 8.1. In the aftermath of the breach, the DPO **shall** fully review both the causes of the breach and the effectiveness of the response to it and prepare a written report for the next meeting of the Finance Committee.
- 8.2. If systemic or ongoing problems are identified, an action plan **must** be drawn up and approved by the Finance Committee to correct these.
- 8.3. If the breach warrants a disciplinary investigation this **shall** be conducted by the appropriate College Officer or Head of Department in accordance with the College's Bylaws and other relevant regulations.

9. Implementation

- 9.1. All Heads of Department **must** ensure that their staff are aware of these Regulations and their requirements. This should be undertaken as part of induction and supervision.
- 9.2. The DPO in co-operation with the Finance Bursar, the Sub-Warden, and the Senior Tutor **must** ensure that the Fellows and Junior Members of the College are aware of these Regulations and their requirements.

10. Review and Amendment

These Regulations **shall** be reviewed and updated annually by the Finance Bursar and the DPO and approved by the Governing Body after review by the Finance Committee and the Statutes and Bylaws Committee.

- 2.4. 'MUST' and 'SHALL' mean that the item is an absolute requirement.

'MUST NOT' and 'SHALL NOT' mean that the item is absolutely prohibited.

'SHOULD' means that there may exist valid reasons in particular circumstances not to comply with a particular item, but the full implications must be understood and carefully weighed before choosing a different course.

'SHOULD NOT' means that there may exist valid reasons in particular circumstances when particular behaviour is acceptable or even useful, but the full implications should be understood and the case carefully weighed before implementing any behaviour described with this label.

3. Scope and purpose

- 3.1. Information is critical to the College's operations and failure to protect information increases the risk of financial and reputational losses and failure to comply with obligations imposed by legislation. The College is committed to protecting information, in all its forms, from loss of confidentiality, integrity and availability.
- 3.2. Mobile devices represent a significant risk to information security and data security. If the appropriate security applications and procedures are not applied they can be a conduit for unauthorised access to data controlled by the College ("the College's data") and IT infrastructure.

- 3.3. These Regulations are intended to ensure that Merton College's security objectives are met in relation to the use of mobile devices such as (but not limited to) smartphones, tablets, and computer laptops.
- 3.4. These Regulations are applicable across the College and individually apply to:
 - 3.4.1. all individuals who have access to Merton College information and technologies;
 - 3.4.2. any mobile hardware that is used to access or store College information-resources, whether the device is owned by the College or not.

4. Mobile Device Security

- 4.1. Any mobile device that is used to access the College's data **must** have the remote-wipe capability of the device turned on to protect against potential loss or theft.
- 4.2. Any mobile device that is used to access the College's data **must** be protected from unauthorised access by for example a PIN of at least 4 digits, a pass-phrase, or the use of biometric security, and be configured to ensure an automatic lock after a period of inactivity.

- 4.4. Any mobile device that is used to access the College's data **must** be configured to receive software updates from the manufacturer and other relevant third-parties, and updates should be installed within one week of being released. Mobile device firmware **must** be kept up to date using the manufacturer's website or, for installed software, that of the relevant provider (e.g. Apple in the case of iTunes). Patches **must** be checked regularly and applied when available.
- 4.5. A mobile device that has undergone a 'jailbreak' procedure **must not** be used to access the College's data; i.e., software/firmware which is designed to gain access to any unintended functionality should not be installed. (For the avoidance of doubt, to 'jailbreak' a mobile device is to remove the limitations imposed by the manufacturer. This gives access to the operating system, thereby unlocking all its features and enabling the installation of unauthorised software.)
- 4.6. Devices **must not** be connected to any host computer which does not have up-to-date anti-virus software and enabled anti-malware protection.
- 4.7. Mobile devices **must not** be used to carry special category personal data (as defined by Article 9(1) of the UK General Data Protection Regulation) for longer than necessary.

- 4.12. Mobile devices left in locked vehicles **must** be kept out of sight.
- 4.13. Where it is not practicable to comply with any of the requirements set out above, exceptions shall be documented to justify the deviation and appropriate compensating controls should be put in place on the advice of the IT Department.
- 4.14. When the loss or theft of any mobile device which has access to College data is identified or suspected the College's **Data Protection Breach Regulations** apply and **must** be followed.

MERTON COLLEGE IT PASSWORD POLICY

1. Approval and binding effect

- 1.1. The following Policy was **approved** by the Governing Body of Merton College ("the College") on 19 April 2023.
- 1.2. Any amendments to this Policy require the Governing Body's approval.
- 1.3. This Policy will be reviewed **annually** to ensure that any new developments are covered and protected.
- 1.4. All members of the College, all employees of the College, all departments within the College, and all other Users (as defined below) are bound by this Policy and are required to comply with it.

2. Definitions

- 2.1. "DPO" means the College's Data Protection Officer.
- 2.2. "Passphrase" is a series of unrelated words that can be used as a password. Three words are much easier to remember than a series of random characters, letters and numbers, yet they are much harder to hack.

"Password" is a secret series of characters that enables a User to access a system, computer, file or application.

"Phishing" is a cybercrime in which a target or targets are contacted by email, telephone or text message by someone posing as a legitimate institution to lure individuals into providing sensitive data such as personally identifiable information, banking and credit card details, and passwords.

"National Cyber Security Centre" The NCSC is the UK's technical authority for cyber threats. It is part of the Government Communications Headquarters (GCHQ) and has several roles in NIS.

"NIS" is intended to establish a common level of security for network and information systems. These systems play a vital role in the economy and wider society, and NIS aims to address the threats posed to them from a range of areas, most notably cyber-attacks.

"Users" are Fellows, employees, students, consultants, contractors, agents and other authorised users accessing Merton College IT systems and applications.

- 2.3. 'MUST' and 'SHALL' mean that the item is an absolute requirement.

'MUST NOT' and 'SHALL NOT' mean that the item is absolutely prohibited.

'SHOULD' means that there may exist valid reasons in particular circumstances not to comply with a particular item, but the full implications must be understood and carefully weighed before choosing a different course.

'SHOULD NOT' means that there may exist valid reasons in particular circumstances when particular behaviour is acceptable or even useful, but the full implications should be understood and the case carefully weighed before implementing any behaviour described with this label.

3. The Scope and Purpose of this Policy

- 3.1. This Policy outlines the approach of Merton College to Password management and provides the guiding principles and responsibilities to ensure the College's security objectives are met. It is intended to provide a single point of access for all Users who require information and guidance on this subject.
- 3.2. All Users access a variety of IT resources, including computers and other hardware devices, data storage systems, and other accounts. Passwords are a key part of IT's strategy to make sure only authorised people can access those resources and data.
- 3.3. All Users who have access to any of those resources are responsible for choosing strong Passwords and protecting their log-in information from unauthorised people.
- 3.4. The purpose of this Policy is to make sure all College resources and data receive adequate Password protection. This Policy covers all Users who are responsible for one or more accounts or have access to any resource that requires a Password.
- 3.5. The importance of constantly updating system Passwords and the responsibility each individual User has for their log-in details are addressed in this Policy and the implications of other Users accessing another's account are made clear.
- 3.6. If a computer system or data held within a drive are misused, altered or deleted the User logged on will be held solely responsible.
- 3.7. Support and guidance for departments is offered by the College's IT Department which in turn is supported by the central University of Oxford Information Security team, "InfoSec".

4. Password creation

- 4.1. All Passwords **should** be reasonably complex and difficult for unauthorised humans or computers to guess. Users **must** use multi-factor authentication (two-step verification) wherever supported.
- 4.2. Users **should** choose Passwords that are at least sixteen characters long and contain a combination of upper- and lower-case letters, numbers, punctuation marks and other special characters.
- 4.3. In addition to meeting those requirements, users **should** also use common sense when choosing Passwords. They **must not** reuse old Passwords and basic combinations that are easy to crack. For instance, choices like "password," "password1" and "Pa\$\$w0rd" are equally bad from a security perspective.
- 4.4. A Password **should** consist of a memorable passphrase that is easy for the user to remember. For example "Surfing-Housing-Kittens1!" is a Passphrase that satisfies complexity requirements but is easier to remember than random characters.
- 4.5. Users **must** choose unique Passwords for all their College accounts and **must not** use a Password they already use for a personal account.

- 4.6. Default Passwords — such as those created for new users when they start or those that protect new systems when they're initially set up — **must** be changed as quickly as possible.
- 4.7. If the security of a Password is in doubt— for example, if it appears that an unauthorised person has logged in to the account — the Password **must** be changed immediately and the incident **must** be treated as an actual or suspected data breach and reported in accordance with College's [Data Protection Breach Regulations](#).¹

5. Protecting Passwords

- 5.1. Users **must not** share their Passwords with anyone else, including co-workers, managers, administrative assistants, IT staff members, etc. Everyone needing access to a system will be given their unique Password.
- 5.2. Users **must not** share their Passwords with any outside parties, including those claiming to be representatives of a business partner with a legitimate need to access a system.
- 5.3. Users **should** take steps to avoid phishing scams and other attempts by hackers to steal Passwords and other sensitive information. All Users will receive training on how to recognise these attacks.
- 5.4. Users **must not** put Passwords into writing and keep them at their workstations or anywhere where they could readily be connected with their accounts. See 4.4 for advice on creating memorable but secure Passphrases.
- 5.5. Users **must** report any suspicious account activity or if they suspect that their account may have been compromised to the Merton IT Department immediately. An actual or suspected data breach **must** be reported in accordance with the College's Data Protection Breach Regulations (see also 4.7).

6. Implementation, Review, and Amendment

- 6.1. All Heads of Department **must** ensure that their staff are aware of this Policy. This should be undertaken as part of induction and supervision.
- 6.2. The DPO in co-operation with the Finance Bursar, the Sub-Warden, and the Senior Tutor **must** ensure that the Fellows and Junior Members of the College are aware of these Regulations and their requirements.
- 6.3. This Policy **shall** be reviewed and updated annually by the Finance Bursar and the DPO and approved by the Governing Body after review by the Finance Committee and the Statutes and Bylaws Committee

¹ Any member of the College who discovers, suspects or receives a report of a breach (or suspected breach) **must** inform the DPO (or if the DPO is not available the Finance Bursar or the Domestic Bursar) and the Head of IT immediately.

Any member of the College's staff who discovers, suspects or receives a report of a breach (or suspected breach) **must** their Head of Department and the Head of IT immediately. They **must** also inform the DPO.

3. Scope and Purpose

- 3.1. Installation of unauthorised computer programs and software, including files downloaded and accessed on the Internet, can easily and quickly introduce serious, fast-spreading security vulnerabilities. Unauthorised software programs, even those seemingly provided by reputable vendors and trusted companies, can introduce viruses and Trojan programs that aid hackers' attempts to illegally obtain sensitive, proprietary and confidential data. Protecting the College's computers, systems, data and communications from unauthorised access and guarding against data loss is of

paramount importance; adherence to the following this Policy serves a critical role in the process.

- 3.2. This Policy applies to all computers or other devices which are connected to any College-provided system or network and are not self-managed. A computer or other device is self-managed if it has not been configured by the College's IT Department or is not automatically configured by a service provided by the College's IT Department. A computer or other device which has been purchased for a Fellow by the College from the Fellow's research allowance is usually self-managed. Users who have self-managed computers or other devices are responsible for configuring them as strongly and safely as practically possible.
- 3.3. This Policy outlines the approach of Merton College to IT software installation and provides the guiding principles and responsibilities to ensure the College's security objectives are met. It is intended to provide a single point of access for all Users who require information and guidance on this subject.

- 4.4. Unauthorised applications **must not** be installed and used.
- 4.5. The College provides software programs and applications to increase productivity, enabling electronic communications and transacting business. Software programs and applications are provided as required to employees, contractors, temporary workers, volunteers and other authorised agents only to perform and fulfil job responsibilities. Software programs and applications are neither provided nor supported for non-business activities; the College's software programs and applications **must not** be used for personal activities.
- 4.6. The College's computer systems, networks and information technology services are provided to fulfil job tasks and responsibilities. The College places a priority on ensuring all installed software and applications are properly tested and licensed. Users

MERTON COLLEGE, OXFORD

Gift Acceptance Policy

Merton College, Oxford, is a registered charity (no. 1139022) which, as part of its ongoing activities, seeks to raise philanthropic funds for annual expenditure, endowment, and capital projects in accordance with its charitable objects.

Background and purpose

This Gift Acceptance Policy has been approved by the Governing Body of the College to provide all who may be concerned with the solicitation and acceptance of gifts (including College Officers, the Development and Alumni Relations Committee ('Development Committee'), and the Development Office) with guidance on the acceptance or refusal of philanthropic support and sponsorship of the College and its activities.

Gift solicitation

Merton College seeks funding from individuals and organisations both in the UK and internationally who have an active relationship with the College or from those individuals and organisations that have been carefully identified as having a potential interest in supporting a specific activity or initiative.

Gifts to the College are currently solicited by a range of fundraising methods which include, but are not limited to, the following:

- Face-to-face solicitation
- Telephone fundraising
- Direct mail appeals
- Email and digital appeals
- Legacy promotion

Acceptance of gifts

Responsibility for the acceptance and refusal of gifts rests ultimately with the Governing Body of the College even when decision making has been delegated. The Governing Body must be able to demonstrate that it has acted in the best interests of the College in each case.

The Governing Body is responsible for approving this policy which sets out the framework within which gifts and legacies to the College may be accepted. The policy will be kept under review by the Development Committee as required and in any event reviewed not less frequently than every three years.

The Development Director will be responsible for providing information to the Governing Body through the Development Committee about the solicitation and acceptance of gifts. The Development Director will regularly provide the Development Committee and the Governing Body with a report of all new major gifts made or pledged in support of the College. The Governing Body may also refer donations or seek guidance from the University's Committee to Review Donations.

The College accepts gifts in accordance with the following principles that are common to all charities.

- Consistency with charitable objects: Gifts to be consistent with the College's charitable objects.
- Academic independence: Gifts to be accepted on the basis that donors have no influence over the academic freedom and independence of the College.
- Reputational risk: the College will balance the benefits of accepting gifts against reputational risks to the institution.
- Procedure for acceptance: Gifts to be accepted in a timely fashion with due consideration given to speed and accuracy, balancing this against the timeframe within which a donor may wish to make a donation, in line with the practices and procedures document reviewed by the College's Benefactions Committee.
- Anonymity: Gifts to be accepted only if the identity of the donor is known to the College. While donors may reserve the right to remain anonymous in published donor lists, it is important that the identity of the donor is known to the College so that it may undertake due diligence appropriate to their gift. This would also apply if a donation is received through a third-part intermediary.

Delegated authority for gift acceptance

The Governing Body delegates authority for the acceptance of gifts to the Development Committee, Warden (or Sub-Warden), Development Director, or Finance Bursar according to the following levels:

- Gifts of £250,000-£499,999: Development Committee
- Gifts of £100,000-£249,999: Warden, Development Director, and Finance Bursar
- Gifts of £25,000-£99,999: Development Director

The Governing Body must approve the acceptance of any gift of £500,000 or more.

Gifts under £25,000 are considered part of the College's Annual Fund fundraising activity and may be accepted by the Development Director or Development Office staff.

Ethical screening

The College, through the Development Committee, will agree and review an ethical screening procedure for gifts on a regular basis which will be implemented by the Development Office across its fundraising programmes and activity.

The main areas for attention are as follows:

- Where there is any possibility that the donation might be associated with illegal activities (including under the Proceeds of Crime Act, the Bribery Act or anti-terror financing legislation).
- Where there is any possibility that acceptance of the funding or any of its terms may not be in the best interests of the College in relation to any of the following: its beneficiaries, its academic freedom and independence, any conflict of interest, future financial liabilities, reputational risk or cost, dependence on conditions, the vulnerability of donors, and deterrence of other donors from future support.

Refusal of donations

The Governing Body must act in the best interest of the College when deciding whether to accept or refuse a particular donation.

The Governing Body will refuse the offer of a donation when:

- the purpose of the donation is not consistent with the College's charitable objects;
- there is doubt about the legality of the source.

The Governing Body may decide to refuse the offer of a donation in circumstances such as, but not limited to, the following:

- the purpose of the donation does not align with the College's fundraising objectives;
- if there is doubt about the appropriateness of the source.

In the event of a donation being declined by the Governing Body, the College, through the Development Office, will keep a record to indicate why it was refused and any such refusal will be communicated officially and appropriately to the donor(s) at the earliest possible opportunity.

MERTON COLLEGE

INVESTMENT POLICY

ADOPTED BY THE GOVERNING BODY ON 19 JUNE 2023

**ON THE RECOMMENDATION OF THE FINANCE COMMITTEE
AND THE INVESTMENT SUB-COMMITTEE**

Objective

An endowment for Merton College was first created in 1264 when Walter de Merton, sometime Chancellor of England and later Bishop of Rochester, established “The House of the Scholars of Merton”, an act of philanthropy that has been built upon by successive generations of benefactors. The endowment now exists to provide distributions in support of the College’s charitable objects, as one of the colleges within the University of Oxford, which are, for the public benefit, to advance education, learning, research and religion through the provision of a college in Oxford or elsewhere. In pursuit of these objects, the College aims to achieve the highest outcomes in education, learning and research at national and international level; and to maintain the College Chapel as a place of public worship pursuing the highest standards of liturgical, homiletical, and musical excellence.

In pursuit of this purpose, the endowment’s investment objective is to preserve, and preferably grow, the real value of its assets over the long-term, after providing for annual distributions of up to 3.5% per annum to meet the spending requirements of the College. We aim to do this while taking acceptable levels of risk, and adhering to the College’s policy on Socially Responsible Investment. The current target total return for the portfolio is to achieve at least UK CPI plus the agreed distribution rate (currently 3.5% per annum), net of all fees and costs, over a rolling five year period.

Our investment policy is to hold a globally diversified portfolio of investments across a range of asset classes. It is constructed to seek to maximise the probability of achieving the investment objective noted above, that is attaining a level of total return that at least preserves the long-term real value of our assets. We aim to do this while providing funds to meet the College’s spending requirements, minimising the risk of permanent loss of capital and maintaining good stewardship over assets in the portfolio.

Asset classes within the portfolio are generally outsourced to external managers with the current exception of the management of the properties directly held in the portfolio for which management is provided by the Estates Bursar & Land Agent. The portfolio is administered by the Finance Bursar and overseen by the Investment Sub-committee which provides recommendations to the Finance Committee and thereby to Governing Body.

Beliefs

Several core investment beliefs drive asset allocation:

- Our long-term investment horizon underpinned by our governance structure allows us to tolerate short-term volatility, which is a comparative advantage in designing and implementing an investment strategy.
- Our ability to take risk over the longer term also allows us to seek to maximise risk-adjusted returns from global economic activity and to have a portfolio invested with no innate geographic bias.
- Property is a source of added value for the endowment and is an asset class where the College's long term perspective can create competitive advantage. Nevertheless, we take the view that the portfolio should be managed to ensure adequate diversification given that excessive concentration in a single asset poses a significant threat, should the value of that asset be permanently impaired or destroyed.
- We can be flexible as to the nature of the vehicles in which we invest. However, we will not knowingly invest in structures or assets which create potential unlimited financial liability or significant adverse operational, reputational or legal liability.
- Inflation can significantly impact real long-term purchasing power. Hence, most of the portfolio is invested in assets that exhibit some protection in real terms. These may include private or public corporate equity, property and infrastructure.
- The benefits of active management (if any) are outweighed by its costs over the medium to long term in deep, liquid markets.
- By engaging in the broad set of extra-financial considerations – including environmental, social and governance (ESG) issues – the alignment between the objectives of the College endowment and society at large can be improved without materially affecting the risk/return profile of the College's portfolio.
- We are willing to accept currency risk as part of our focus on maximizing risk adjusted returns from global activity whilst we recognize that our expenditures are predominantly sterling based.

Governance

The **Governing Body's** role, with advice and recommendations from the Finance Committee and Investment Sub-committee, is:

- To have ultimate responsibility, as trustees of the College, for the proper investment of the College's endowment.
- To agree the overall spending and investment objectives for the investment portfolio.

- To approve the broad investment policy.
- To approve the overall investment return objective.
- To agree the acceptable expected risk tolerances consistent with the overall return objective.
- To determine the broad structure of asset management arrangements and to ensure adequate resources are deployed to manage and monitor the investment portfolio.
- To examine, and approve, any investment transactions brought to it by the Finance Committee on the recommendation of the Investment Sub-committee.

The **Finance Committee**'s role is:

- To oversee the management of the College's investments and investment properties in consultation with the Investment Sub-committee.
- To draw up and circulate to the Governing Body every year a report on the investment policy and the investments made in that period, showing the proportions maintained between each class of investment, and the investment returns obtained on each investment class and by each investment manager or fund.
- To consider and make recommendations to the Governing Body in relation to long-term spending plans and strategy.
- To consider and, if thought fit, to transmit to the Governing Body recommendations made by the Investment Sub-committee.

The Finance Committee shall have the power, having regard to advice from the Investment Sub-committee, to buy and sell investments within the framework set out in the investment policy approved by the Governing Body and may delegate this power as appropriate to an investment manager pursuant to Statute 8.3.

The **Investment Sub-Committee**'s role is:

- To advise on the framing of the College's investment policy with the aim of securing the effective management of the College's endowment funds in pursuit of the College's objectives.
- To review the implementation of the College's investment policy.
- To advise on any areas of the College's strategy which may affect the overall performance of the College's endowment funds.

- To advise on the spending rate from the College's endowment funds which allows the College to achieve both its short and long term objectives.
- To advise on the appointment of the Investment Fund Managers (including private equity, hedge fund and/or other alternative asset fund managers, if any), and then monitor and challenge the performance of such managers.
- To receive at each meeting and consider a report from the Finance Bursar and, as appropriate, from the College's Investment Fund Manager and/or consultant.
- To advise the Finance Committee on whether the costs of managing the College's endowment are fair and reasonable.
- To report in writing to the Finance Committee on such matters as it deems appropriate at least once in every year.

Asset Allocation

Asset allocation ranges for the overall portfolio will be as follows:

Asset	Minimum	Maximum
Cash and bonds	2% ¹	20%
Public equities	30%	60%
Private equity	0%	20%
Property ²	20%	50%
Alternatives	0%	10%

¹ Sufficient to provide for at least the next two quarters of distributions without recourse to the invested asset base.

² Asset allocation is constrained by the College's intrinsic exposure to land and property which cannot easily or rapidly be reduced. Allocation to other assets is constrained in the short term accordingly.

Asset Mix

The portfolio will be invested in accordance with the allocations set out above, with the overall mix designed to meet the investment parameters set out in this Investment Policy, and subject to regular review by the Investment Sub-committee.

Currency

Portfolios are to be denominated and valued in Pounds Sterling.

Volatility

The College is a long-term, largely unconstrained, investor and therefore able to withstand volatility.

Leverage

The College may use leverage where appropriate. Leverage is permitted in funds, partnerships, and businesses in which we invest, although we are generally reluctant to invest in market strategies where leverage comprises a major component of returns.

Liquidity

At least 20% of the whole portfolio should be readily realisable within three months. The liquidation period shall be deemed from time of instruction to receipt of proceeds.

Income Requirements

No specific income targets have been set.

Liabilities

The manager shall not enter any contracts or investments where the portfolio may be subject to unlimited liability.

Active vs Passive

Funds allocated to public equities and debt will be invested in index-tracking or passive investment vehicles at the lowest available costs unless there is a specific justification for investing in an actively managed vehicle at higher cost.

College Policy on Socially Responsible Investment

The College is committed to ensuring that it makes investment decisions responsibly and with integrity. To this end, the College will follow certain principles and practices to guide the investment decision-making process as part of the College's overall strategy on sustainability. Within this context, the Investment Sub-committee will assist the College in the implementation of the College's policy on socially responsible investment in the ways set out below.

- a. When investing directly in the securities of individual companies, the Investment Sub-committee will screen investments on ethical grounds and, where the activities of a company are on ethical grounds inconsistent with the educational and/or research objectives of the College, then the Investment Sub-committee may choose not to invest even though this decision may reduce returns.
- b. When investing through passive investment vehicles where investments are determined by the composition of financial markets (such as equity trackers), then the Investment Sub-committee will consider, where appropriate, passive investment strategies that positively select holdings on ethical grounds, provided that the Investment Sub-committee judges that so doing will not have a negative impact on expected returns.
- c. When the endowment assets are invested in active funds, private equity funds or private equity fund-of-funds, where investment decisions are delegated to a third party, then the Investment Sub-committee will make the initial selection of any manager bearing in mind the manager's approach to integrating ESG criteria into their investment process. Fund managers will be actively screened on the basis of their adherence to internationally accepted ethical standards, such as the UK Stewardship Code. The selected asset managers will be periodically interviewed about their values and their approach to integrating ESG criteria into their investment process when exercising voting rights, to the extent they hold equity in either public or private companies, such reviews to consider material and not de minimis holdings.
- d. The Investment Sub-committee will ensure that any investment advisers appointed to provide advice will understand and accept the ethical standards expected in management of the portfolio.

As part of its regular reporting to the College, the Investment Sub-committee will review compliance with the above practices to ensure that the College invests its endowment in line with its policy on sustainability.

Bylaw VII.23(e) provides that in considering whether to recommend to the Governing Body the election of any person to a Professorial Fellowship, a Julia de Lacy Mann Fellowship in Category B or a Sir Henry Savile Fellowship or that the College to be associated with any University post, the Fellowship and Appointments Committee shall consult other Boards in accordance with a policy approved from time to time by the Governing Body.

8. The Fellowship and Appointments Committee shall take care to present a compelling and well-grounded case for its recommendations.
9. **Honorary Fellowships.** The Governing Body on 14 March 2022 adopted the following policy in relation to Honorary Fellowships :
 - a. An Honorary Fellowship of the College ought to be recognised as a mark of considerable distinction and elections should be made very selectively.
 - b. All other things being equal, the College will give preference in elections to members of the College and those closely associated with it. A systematic review of the College's members should be regularly undertaken to establish a list of potential candidates, regard being had inter alia to promoting the College's diversity objectives and this list should be scrutinised whenever it is proposed to elect an Honorary Fellow.

MERTON COLLEGE
POLICY ON EXTERNAL CHARITABLE DONATIONS

1. The charitable objects of the College are “to advance education, learning, research and religion by the provision of a College” and the statutes of the College grant the Governing Body of the College the powers necessary for or conducive to the maintenance of the College for the advancement of these objects.
2. The College is therefore not a general grant-giving charity and its power to make donations is limited to those which either directly advance its objects or which are conducive to their advancement.
3. The College can therefore consider making donations to external bodies only in the following circumstances:
 - 3.1. Where the proposed donation has a direct impact on advancing the College’s charitable objects.
 - 3.2. Where the body or organisation to which the donation is made is directly connected with the College (e.g. its benefices) and the donation is conducive to the College’s objects.
 - 3.3. Where the donation supports a service which is of direct benefit to or otherwise clearly supports the educational activities or proper welfare of members or employees of the College and is conducive to the College’s objects.

(h)(i) The strategic plan to be formulated by the Braam Bequest Committee under Bylaw VII.10(g)(v) above shall be formulated in accordance with the Founders' Statement at Appendix [C] to these Bylaws.

(ii) In the event that the Governing Body does not accept the draft strategic plan the Braam Bequest Committee may request that the Governing Body's objections be considered by and commented upon by a suitable independent person selected by the Braam Bequest Committee and those comments submitted to the Governing Body with the rejected draft strategic plan for further consideration.

**APPENDIX [C]
BRAAM BEQUEST: FOUNDERS' STATEMENT**

Peter Braam Bequest on Human Wellbeing

“But the greatest error of all the rest is the mistaking or misplacing of the last or furthest end of knowledge. For men have entered into a desire of learning and knowledge, sometimes upon a natural curiosity and inquisitive appetite; sometimes to entertain their minds with variety and delight; sometimes for ornament and reputation; and sometimes to enable them to victory of wit and contradiction; and most times for lucre and profession; and seldom sincerely to give a true account of their gift of reason to the benefit and use of men: as if there were sought in knowledge a couch whereupon to rest a searching and restless spirit; or a terrace for a wandering and variable mind to walk up and down with a fair prospect; or a tower of state, for a proud mind to raise itself upon; or a fort or commanding ground, for strife and contention; or a shop, for profit or sale; and not a rich storehouse for the glory of the Creator and the relief of man’s estate.” (Francis Bacon, Lord Verulam [1605]).

Building on the existing Braam Junior Research Fellowship and Scholarship, Dr Peter Braam has made a very generous bequest to Merton College for a programme in support of research and study in Human Wellbeing

Human Wellbeing is not an area of research per se. It rather concerns the application of knowledge – drawn from all academic fields of study - to improve the human situation. It must address the needs of humanity, especially the needs of the poorest or least privileged societies or segments of humanity.

The main thrust of the programme is to provide a cohort of Early Career Fellowships (ECFs) in Human Wellbeing, a small number of these (typically three) being held at Merton College, the others in other Colleges. All ECFs in the programme are to be affiliated to at least one University faculty or department. The ECFs are, therefore, to have three affiliations: as members of a College; as members of at least one University faculty or department; and as members of the Peter Braam Community.

The programme is to be led by the Peter Braam Senior Research Fellow (the Secretary of the Braam Bequest Committee), who will be a member of the Governing Body of Merton College. The Secretary is to be charged with providing coherence and leadership for the programme. In addition, if funds permit, there may be further senior appointments and also some post-doctoral and graduate studentships. This structure in many ways resembles that of a virtual Research Institute.

The programme is to be operated through the establishment of a Committee, intended to run as a small grant-making body. The Committee is to have up to seven members: the Warden and Finance Bursar together with the Peter Braam Senior Research Fellow are to be ex officio members of the Committee which is to contain at least one further member of the Governing Body of Merton College; thus

the majority of the members of the Committee are to be members of the Governing Body of Merton College. The Committee is to be subject to the Governing Body of Merton College and its role and procedures are to be defined by and subject to Bylaws of the College. The Committee is to report annually to the Governing Body.

The funds from the bequest are to be held by Merton College. They are to be invested on the same basis as the College's other permanently endowed funds, and are to be subject to the same draw-down rate. Each year the available funds are to be used to cover the cost of the Peter Braam Senior Research Fellow, the ECFs, and any other appointments; there is also to be provision to cover any administrative costs of the programme.

In summary, the Peter Braam programme on Human Wellbeing is charged with applying academic study in the most important areas and is especially to support work which demonstrates a high degree of originality and innovation. The operation of the programme is to involve members of Merton College at all levels and the overall direction of the programme is to lie in the hands of the Governing Body of Merton College.
